

Ukraine -- Storm in a Rothschilds' Teacup

by beauregard *Saturday, Mar 1 2014, 11:05pm*

international / prose / post

Honourable members, guests and representatives of the moronic masses it should be made clear at the outset that Obama and Putin are completely owned and serve EXACTLY the same international financial interests, which would make events in the Ukraine a theatre of the absurd or more cynically, entertainment for the global ruling elite and/or a major media distraction designed to shift focus away from the current and historical REALITY that the USA is guilty, ten times over, of every offence they accuse Russia of committing or are about to commit -- i.e. illegal military interventions, disregard of sovereign borders and crimes against humanity, an area of crime in which the USA leads the world by light years.

It is clear we are dealing with unadulterated bullshit in the Ukraine or the usual effluent that emanates from Washington via globalist sources in Europe and Wall St.

We should never lose sight of the principal background players and controllers of world events, and they are NOT the servile puppet politicians of any nation -- they are who they have been for the past millennium, an elite group of mega-wealthy plutocrats, notwithstanding, they require immediate extermination if the world would even have a chance at peace and stability!

Putin and Obama are completely in the pockets of the global elite and events in the Ukraine are a sham designed to distract the masses from the next stage of the globalist agenda.

So, have the completely subjugated, genitally groped American people and the global moronic masses been duped yet again? Well of course they have, however, the RAPIDLY growing number of AWARE, highly skilled underground uber elite forces remain unaffected by the game of charades plutocrats are playing as I write.

Put simply, the Ukraine is currently a storm in a Rothschild's teacup; whatever the outcome, it has been pre-planned, notwithstanding the possibility which exists at all times, that events could be co-opted or take a radical change of course as a result of subtle interventions by other unknown (to the plutocrats) forces -- how very sweet that reality is!
