America: a measure of subjugation -- a vanquished population

by judd *Saturday, Mar 15 2014, 1:14am*
international / prose / post

Look no further than your nose to verify the measure of subservience of the American population. We recall in very recent recorded history that unregulated Wall St rogues fraudulently deceived the entire world which act resulted in the global economic collapse of 2008. The major offenders were the big Wall St banks or the "too big to fail" mega-banks, particularly Goldman Sachs and JP Morgan and of course the two CEOs at their respective helms, Lloyd Blankfein and Jamie Dimon, two of the most arrogant, unrepentant crooks that ever walked free; in fact they wear their freedom after committing the most obvious frauds/crimes, like a badge, as evidence that it is really they who rule America.

Hearken back only a few years to that time and choke on this recorded historical REALITY -- when crooked US banks stole the reserves of the major banks of the WORLD and the global economy was on the brink, guess who bailed them out, yep, you guessed it, YOU did, with trillions of YOUR hard-earned taxpayer dollars -- they called it TARP!

The serving puppet Bush government of the time literally GAVE huge sums of taxpayer funds to criminal bankers UNCONDITIONALLY, without oversight on how it should be used and distributed -- an absolutely unprecedented and shocking act of total incompetence and/or corruption.

Now what do you imagine happens when puppet politicians give money to PROVEN rogues and thieves without oversight? Why of course, they steal it, doh! Note how bank CEOs and directors arrogantly gave themselves hundreds of millions in non-performance based, undeserved bonuses at the time and continue to do so today -- now please note, that at any other time in world history those actions alone would have triggered a violent social reaction/revolution and possibly mass executions of the most corrupt offenders. However, what does history record? The clearly shitted-on American population collectively bleated, cowered in fear and begged for crumbs off the table of the vilest, most corrupt, reprehensible (blatant) criminals on record. I would now refer to a snigger and vile joke puppet president Obama once made to the very great expense of the American PUBLIC; he intimated the astonishing level of subjugation he clearly witnessed around him by referring (jokingly) to the spine-destroying, demeaning practice of genital groping at airports -- this president knows his 'subjects' well because SUBJECTED the American people are!

But it gets better as these criminal forces have not yet been properly held to account or directly opposed.

The trillions of (your) tax dollars was not ample to stem the hæmorrhaging of a totally failed economic system, so fellow Shakespearean Jews at the privately owned Federal Reserve Bank began printing toilet paper money at speed -- they called that SCAM, 'QE' or Quantitative Easing, now here's the clincher, that money was distributed to the offending banks that created the global economic collapse in the first instance! Do you like the VERIFIABLE story so far, you fuckin' mindless, spineless dunces?

Realise that the tiny group of mainly Jew (Rothschilds) and some gentile Banking families

(Rockefellers) own and control the world based on a SHARED HALLUCINATION -- that they alone have the God-given right to print (toilet) paper money and make debt-slaves out of entire populations/NATIONS -- now what is wrong with that picture, MORONS, especially considering that these arrogant, heinous criminals, who also finance all the wars raging around the globe today, only number a very few thousand globally?

OK, now to the cherry on this smoldering cake of rat and dog shit; and I thank the very astute observations of a clear thinker for the advice:

While you THE MASSES are 'FASCINATED' (correct term) by what certain ruling forces present to you in the mass media, the real crime or reality goes undetected and therefore unresolved.

The example given is NSA whistleblower Ed Snowden; the public's attention has been conveniently shifted to this very dubious character rather than on the numerous crimes being committed -- AS I WRITE -- by the NSA globally! In other words the real ISSUE is NOT Ed Snowden, or inbred Muslims (previously communist bogeymen) or other distractions; it is about the many communications violations and breaches of communications LAWS committed by the NSA in every nation on earth -- not a bad effort for any criminal organisation -- hence the need to distract and obfuscate at all times.

Readers with brains still moderately functional, would BE AWARE that the powers that have hijacked the USA have jailed, for upward of ten years, hackers for breaches so infinitesimal in comparison to the breaches and violations committed by the NSA daily, it is jaw-dropping!

Focus on the MANY breaches and FLAGRANT VIOLATIONS of national communications laws the American NSA commits and then hold them to ACCOUNT in an APPROPRIATE jurisdiction or INTERNATIONAL COURT AND SUE FOR DAMAGES -- I would dare say that not even the printing presses of the criminal Federal Reserve would be able to keep up with the amount of damages for which the USA is CLEARLY LIABLE! Forget Snowden, LITIGATE!

The above is an example of clear thinking that leads to REMEDIES and SOLUTIONS -- never forget that the mass media like the Reserve Banking System is PRIVATELY OWNED and only serves the interests of those that own it, doh! Now **demand that your governments litigate against the NSA on your behalf, if they avoid or refuse -- indicating complicity and corruption -- form millions strong private class actions against the NSA, which has no hope of winning in any Independent court of LAW!**

[Disseminate this story widely, as almost everyone on earth has been affected by the illegal, criminal surveillance of the American NSA.]
