The situation in the Ukraine gets more absurd by the day -- absurd if you subscribe to law, order, rationality and sovereign rights.

The self-proclaimed 'paper Caesar' of the 'Rose Garden' and lackey for the ruling plutocrats, Barack Obama, has just diminished the reputation and international standing of the Office of the US president by issuing an idiotic proclamation allowing him, 'emperor of the world' to STEAL whatever he wants from his political opponents! Notwithstanding that his DELUDED exec order is in gross breach of International Law and violates the rights and sovereignty of every other nation and person on earth.

***The demented and deluded US executive***

Unconfirmed [reports](#) that Ukraine's gold reserves have been appropriated by the US Federal Reserve have already been published -- déjà vu Gaddafi and the brazen THEFT of Libya's large gold reserves and multi-billion dollar assets!

Once again it becomes clear that US democracy has been hijacked by criminals which have installed a gangster government in the capitol to do their dirty-work -- IT COULDN'T BE CLEARER! Recent US and WORLD history over the past 15 years also confirms the fact.

Let's spell it out for the dimwits so there is absolutely no doubts regarding America's criminal designs and intentions in the world today. IT'S NOT ABOUT DEMOCRACY, FREEDOM, LIBERTY OR HUMAN RIGHTS, IT'S ABOUT MILITARY OR PROXY INTERVENTION AND BRAZEN THEFT OF CASH, GOLD AND RESOURCES.

The US stands without peer before the world at this time as the most hypocritical, lying, deceptive, mass murdering, thieving nation, which has no credibility whatsoever. The searing double standards and galactic HYPOCRISY displayed by an obviously dissociated regime and a criminal plutocratic elite, which dictates policy, is unprecedented in modern history; one has to refer back to the times of Roman Emperor Nero and the thoroughly decadent and corrupt French Court of Louis the XIV to find equivalent historical scenarios!

Follow the link while it lasts and read the White House order yourselves, it is a document that advertises pure unadulterated psychological disconnect, extreme sociopathology and outright lunacy. And that is what has TRAGICALLY become of the bastion of freedom and democracy in the world!
