No more double standards, America

After a heated exchange between Russian and American 'officials' and diplomats at the 'Paris talks,' buffoon John Kerry acknowledged an impasse and said the final decision rests with the [Ukrainian] people.

1. **FINE, THEN HOLD KERRY TO HIS WORD IN EVERY U.S. OCCUPIED NATION** -- that means allow the Serbian people to determine the status and fate of their legal province KOSOVO.
2. **ALLOW** the Iraqi people to determine whether or not to allow ongoing occupation by the U.S. and its Washington compliant proxy Shia government.
- 3 **THE SAME APPLIES to Afghanistan, Libya. Syria and ALL HARD and SOFT (COVERT) OCCUPATIONS such as Australia, Indonesia, Canada, the UK, NZ and Western European nations.**

DO IT KERRY, YOU WORLD CHAMPION DUNCE, WE HOLD YOU TO YOUR WORD AS SECRETARY OF STATE -- the entire WORLD will soon discover what the 'WORD' of America is WORTH!

In the meantime -- America cannot hold onto all its illegally occupied territories if **FREEDOM FIGHTERS LAUNCH SIMULTANEOUS ATTACKS** to FREE THEIR RESPECTIVE NATIONS of the thieving, mass murdering, American OCCUPIERS.

Yea, good idea, John! LET THE PEOPLE DECIDE EVERYWHERE, INCLUDING THE USA -- and you and your criminal cohorts would count the minutes you have left on this earth!

It is crystal clear that the USA is the common enemy of the entire freedom loving world today. If the American people fail to restore democratic rule to their nation in the very near future then the world will be forced to take the inevitable solution of razing the USA to the ground.
