

One Spy/Agent to another - Putin Identifies Snowden as a U.S. intel Agent

by jackie Friday, Apr 18 2014, 12:54am

international / prose / post

Make no mistake about Putin's revelation during a televised live Russian Q&A. **After clearly identifying Snowden as an U.S. agent**, former KGB agent, Putin, responds to a live question from Snowden and says, "**we are going to talk one professional language**," that is, as one spy to another!

Ed Snowden, CIA/NSA operative

We should not forget Snowden's initial naive and ridiculous attempts to offer himself to the Chinese while in Hong Kong -- even HK officials were 'puzzled' by Snowden's choice of 'refuge!' American 'intelligence' agencies seemed to have forgotten that the Chinese wrote [THE book](#) on spying, double agents and warfare, over two millennia ago.

Nevertheless, all operatives have numerous 'fallback' plans; Snowden's secondary mission was to distract the world away from the ILLEGALITY of NSA spying on numerous nations outside the USA, specifically distracting from the violation of numerous communication laws in those nations -- all of which attract massive fines and jail sentences depending on the severity and intention of the offence. Indeed, Snowden -- assisted by the American CFR -- has been supremely successful in distracting the masses away from the CRIMES committed by the USA internationally by becoming the face/focus of attention regarding NSA global spying, which effectively removes the spotlight from the ILLEGALITY of NSA crimes. Nonetheless, any nation that has an independent, representative government or politically aware/active society is able to hold the USA/NSA to account over its clearly illegal activities!

Educated Russians are understated a the best of times but Putin made it very clear indeed that Chinese, Russian and other world leaders are fully aware of Snowden's status as a very transparent operative and spy, are you reading this Glenn and Julian?
