

Transparent Orchestrated Oz Audit and Austerity Budget

How do you pretend that you're not making terrible vote losing decisions, you appoint an 'external' body comprised of sympathetic cronies and those that hold similar or more extreme views to conduct an 'independent' audit and then pretend to be moderate by not implementing pre-planned 'recommended' extreme cuts, like abandoning the sacred cow of universal health care, as one example, which working Australians have earned via the HUGE (relative to Corporate) TAXES they have paid during their entire working, productive lives.

Treasurer Hockey (left) and Finance Minister Senator Cormann

What is happening here Mr Jones, is a hoodwink of monumental proportions. How is it that the government is able to spend over [\\$60 million](#) (Oz population is only 23m) searching for a missing Malaysian airliner, 14 billion on a well known FAULT-prone OVER PRICED [F-35 'lemon'](#) fighter jets, which antiquated fighter jets could easily blow out of the sky, and then have the gall to cut (TAX) EARNED 'entitlements' -- and no it's not a dirty word when it is EARNED (via back-breaking taxes)?

We all know the trick of distracting a child with a lolly (or with a fright) -- now pull your distracted minds away from expenditure, expenditure, expenditure, cuts, cuts, cuts, and concentrate on revenue, REVENUE, revenue, growth, GROWTH, growth, EXACTLY!

The corporate compliant PUPPET Abbott government is actually implementing extreme austerity programs designed by international bankers to oppress the masses while mega-rich elites acquire evermore wealth and live high off the hog -- gee, that's fair in 'fair go,' Oz!

The monumental flaw in their austerity implementation plan -- which lying, two-faced Labor actually supports -- is that Oz is one of the world's most WEALTHY nations, BUT the people rarely see any of it -- strange considering the people CONSTITUTIONALLY OWN THE NATION'S WEALTH!

Tax avoiding Transnational corporations -- which Abbott obeys -- are raping this nation's FINITE resources at blistering speed and taking TRILLIONS of dollars in profits offshore -- so if you're wondering about REVENUE -- which in turn promotes economic/national growth -- see if you can put 2 and 2 together!

Government has a DEMOCRATIC duty to distribute wealth fairly NOT FAVOUR a MINORITY ELITE, it also has an OBLIGATION to APPLY TAXES FAIRLY; now, during my taxable life I was paying 47cents in the dollar while Rupert Murdoch and Kerry Packer were paying 5cents in the dollar. I was PRODUCING and enhancing this nation while Murdoch was running a media empire which is entirely unnecessary for the economic wellbeing of any nation, fact -- the people's ABC remains the most trusted news source in Oz, (touch it and we'll 'touch' you, Abbott!) Yet running an entirely disposable media empire entitled that CHEAT and TAX AVOIDER Murdoch to pay 5% tax on his business income -- he has since become a yank and lives in dog eat dog, America, good riddance!

The 'Commission of Audit,' hand picked by the government, is an orchestrated con far worse than Gillard's inept backstab on the Carbon tax. Errand boy Abbot has been instructed by his elitist, CORPORATIST masters to implement austerity measures in one of the world's most wealthy nations -- in order to keep Aussies financially oppressed (debt slavery) and manageable; he has also been instructed by an unrepresentative minority elite (TREASON) to surrender all the government's, THE PEOPLE'S ASSETS, to the private sector!

The 'Commission of Audit' is a BRAZEN fix and this budget is an orchestrated SHAM! The keywords here should be TAXABLE REVENUE not 'austerity and surrender' to the private sector -- and do not look to the Labor Party for solutions they were screwing Aussies long before the Liberals.

The simplest and most fair rule for taxation remains -- those that take most or profit most from the nation should return most to the nation! IT REALLY IS THAT SIMPLE with a non-corrupt, REPRESENTATIVE government!

The Libs are worse crooks than Labor, they are better liars and deceivers and with corporate assistance, more able to manipulate events IF WE ALLOW IT!

THIS NATION AND ITS WEALTH BELONG TO THE PEOPLE and if the people allow themselves to be robbed blind then there's nothing more I can do. My job is to keep Aussies informed, your job is to safeguard Australian values and take responsibility for your lives and the nation in which we live and 'prosper.'

Let's all do what we know we must do -- and do not fall for Hockey's 'lolly' con, we do not have to wait for the next federal election to remedy the situation or to sort Abbott and Hockey for good, if necessary.

Oz should be the paradise it once was before sell-outs Keating and Hawke surrendered it to Wall St - - we are being conned and robbed and both bought, major parties are responsible!

PM Abbot and Treasurer Hockey
