Abbott's RAFT of broken promises

We should never forget how Tony Abbott ousted former PM Gillard, it was over her lack of integrity, specifically, her ONE major broken promise over the carbon tax. And so, Abbott laid the foundation for ALL future Oz PMs, including himself -- no more calculated, intentional LIES and taking the Oz population for granted!

Complete Disregard for the Public

Disingenuous Abbott and his lying Treasurer, Joe Hockey, have both stated that the people will have their opportunity to change government at "the next federal election" -- ANOTHER LIE -- as numerous options and prerogatives exist which allow for the IMMEDIATE REMOVAL of Abbott and his government.

The blocking of supply by opposing political parties notwithstanding, the PEOPLE are able to exercise their Constitutional prerogatives and force an election based on existing legal provisions; the loss of confidence in treasonous, '**minority**' Corporate/Plutocrat-serving, LYING Abbott -- please note that the real issue is not about duplicitous, lying politicians, it's about REPRESENTATIVE DEMOCRACY AND THE STATUS OF THE DEMOCRATIC MAJORITY in Oz.

Make no mistake, if the population fails to immediately remove Abbott from Office no politician will ever take the public seriously again, and that means the END of DEMOCRACY in AUSTRALIA. Doing nothing is NOT an option. The Australian people have the opportunity to demonstrate to the entire democratic world how REAL democracies function. NO POPULATION IS OBLIGED TO TOLERATE SUCH FLAGRANT, calculated, DISHONESTY AND CONTEMPT FOR THE PUBLIC.

Count the LIES

Julia Gillard
