Self-incarcerated and “gifted” Julian Assange has egg on his narcissistic face and Glenn Greenwald will forever be remembered as the world champion useful idiot.

### ***CFR lackey Hillary Clinton and NSA active agent, Ed Snowden***

Known CFR servant and lackey to nefarious ruling elites, Hillary Clinton, has made the first tentative steps in an interview with the [Guardian UK](#) to prepare the way to bring NSA/CIA active agent, Ed Snowden, in from the cold -- in accordance with the original plan.

Are you guys, Assange and Greenwald, kidding? There simply is no such thing as a genuine activist with the background of a Snowden, as you will both soon regrettably discover.

It was Snowden that stated at the outset that he had in his possession evidence that could compromise the USA big time but he steadfastly refused to reveal the criminal activities of the world's leading civilian killing, child killing, invasive, militaristic, terrorist, criminal State. Now let's see if we can add 2+2 people -- what outsider would protect the world's leading mass murdering (for corporate profit) nation? None! Only an insider commissioned to work the same evil agenda we are all too familiar with.

I have nothing more to add to the above, except I/we told you so.

Now to the mindless inbred [Aussie Muslims](#) that imagine that fighting for ISIL is fighting for Islam.

If you inbred, invalid passport carrying morons read the Koran without torturing it, it is made VERY clear that Muslims are [prohibited from killing Muslims](#) or warring against each other; however, the one 'Koranic' exception is sub-human moron Muslims that have been duped into fighting Israel's and America's proxy wars in Syria and Iraq. The extremist black flag of ISIL was also brandished in Libya after fighting NATO's and the US' proxy war on the ground -- what a bunch of inbred geniuses you people are! But please, forget The Koran and existing evidence, resume killing each other like the murderous, mindless, morons that you have proven yourselves to be. Fancy offering yourselves to the US and Israel to kill your brothers -- but an inbred sub-human moron is, as a sub-human moron does!
