Many readers will be astounded to learn that some of our most outspoken 'critics' of the 'powers that be' concur or toe the 'official' line on one critically important issue, which is the foundation stone upon which ALL the LIES and justifications for the erosion of our civil liberties and freedoms are based -- 9/11! And I warn some readers they may be in for a rude shock regarding the identity and integrity of these individuals.

Noam Chomsky
Chris Hedges and
Julian Assange

all believe that the 9/11 attack was NOT an inside job/conspiracy to facilitate/launch (perpetual war) massive military attacks on resource rich nations and to allow the outrageous erosion of hard won social rights and freedoms and the introduction of totalitarian methods of oppression and social control of the community at large -- pan surveillance being the most obvious offender in this regard.

The above individuals, to a man, are all ON RECORD emphatically stating they DO NOT believe that 9/11 was a conspiratorial false flag operation!

Active agent, by his own admission, Ed Snowden, has wisely avoided the issue, as it does indeed clearly identify the believer or disbeliever.

All Interviewers on the alternative media should compulsory ask the critical question, "where do you stand on the government story on 9/11?" It is that simple to sort the wheat from the chaff.

Evidence from specialists and experts including physicists, metallurgists, demolition experts, structural engineers, architects, on scene police, firefighters and other eye witnesses ALL concur on vitally important points that are either ignored or ridiculously explained by the Bush administration's commission.

Today, it is almost universally accepted -- based on expert scientific opinion and the huge body of contrary evidence available in the public domain -- that 9/11 was indeed a false flag conspiracy carried out by a small internal cabal and the Israeli Mossad.

Need I say to the above named personages that your credibility is on line gentlemen, and that you may wish to review your position on the world's and history's most bungled false flag operation. Furthermore, in the very near future the Truth will be revealed by an insider and the absurd LIE of 9/11 will be exposed for the entire world to see, and God help those involved in the conspiracy.
