Take stock! While the Corporate mass media continues to churn out transparent propaganda and the alternative media gets led by mass media headlines, the ruling elite is well pleased.

Abbott (L) -- do your best Rupert, you are a bad judge of character -- proven!

MH-17 is serving its purpose to distract from yet another civilian slaughter in Gaza by Israeli 'defence' forces. It also distracts from the chaos the US created in Syria, Libya, Iraq and Afghanistan -- every nation the USA has invaded in the past fifteen years is today a basket case -- that's US democracy, resource theft in action!

The absurd Boston lockdown over one teenage murderer is a prelude (a softener) of things soon to come.

CEOs and Bankers continue to avoid their tax responsibility and rip hundreds of millions from chump stockholders in undeserved pay while raping the world of finite resources and polluting heritage areas like the Great Barrier Reef and the wild jungles of South America, Africa and New Guinea.

Commercial fishing, offshore oil extraction and mining has made a wet desert of our oceans -- care for another distraction?

Globalist errand boy [Tony Abbott](#), PM of Australia, is using the orchestrated downing of MH-17 in an OBVIOUS and feeble attempt to distract from his vile pre-election lies, pathological personality, incompetence and his INABILITY to obtain much needed revenue from the largest corporate earners that abscond with trillions of dollars in profit derived from Oz's finite natural wealth.

The USA is attempting to recover the gold it sold from western European deposits held in trust after the Bretton Woods agreement by mining West Australian gold at a phenomenal rate and paying Oz with its toilet paper dollars while talking OUR GOLD -- thanks Tony, that's a good lackey/errand boy! The list of theft, corporate crime and puppet politicians is ENDLESS.

While it does serve a beneficial purpose to name, list and make people aware of these crimes it is also a monumental waste of time; the entire charade continues while the global masses continue fighting resource wars for criminal Corporations and big Banks!

While average people everywhere are duped into fighting wars for profit at huge cost in innocent blood, the REAL orchestrators and mass murderers responsible for trashing the WORLD, go free!

Is there hope? Of course there is, but it's conditional on the masses waking up to machinations of the global ruling elite and privately owned (CFR) mass media.

The [Murdoch press](#) is in overdrive attempting to salvage what's left of Abbott's reputation in Oz. If Aussies allow themselves to be easily led and forget the reprehensible LIES, incompetence and injustices of Abbott and allow him to remain in office, then quite simply, the nation is lost to the mass murdering, polluting interests Abbott serves -- I cannot make it plainer.

Change is dependent on the masses; when the masses decide to take action!

Contrast this imbecile with Murdoch's LIES and disingenuous praise
