The most painful aspect of the 9/11 deception is that the Israeli and US perpetrators have not been held to account for their heinous crime against the people of America and other nations that have suffered as a direct result of the war on terror which this false flag event triggered.

The government report not only defies the laws of physics, it defies reason, logic and basic common sense. In view of the real evidence now available, no sane person alive could accept the GIANT LIE that the US government expects will save it from eventual accountability.
