To the IGNORANT and SOCIALLY UNAWARE it appears as though global events are unrelated, the Ukraine, ISIS, Israeli war crimes in Gaza, SUBSERVIENT lackey Australia supporting the US in Iraq AGAIN, Cameron repeating Blair's "poisonous ideology" rhetoric to justify the 'Status Quo' -- which is the real threat/enemy! However, on closer analysis there is nothing new since the orchestrated Balkan 'humanitarian intervention,' which resulted in one sovereign nation, Yugoslavia, being intentionally fragmented into several DEPENDENT, POWERLESS, Statelettes.

We see the same exact pattern of behaviour, criminal fanatics, religious or political, supported by minority elite western FINANCIAL/Corporate powers via State apparatuses, with the aim of disrupting, dividing, CONQUERING target nations rich in resources or of particular (pipeline) strategic value -- blind Freddy can now see it so why can't you? Answer, simply because the same minority elite forces own/control the western mass media -- the CFR is the locus of western social control via "perception management," as elites like to call it. In other words most people, particularly the ignorant and socially unaware, live in a created 'box' or prescribed fantasy (manufactured nightmare) and accept it as 'reality' not CHAOS BY DESIGN!

It is sometimes frustrating to read the articles and stories of reputable commentators and political analysts and see them refer to Obama, Cameron, Merkel or whichever western State leader, as responsible for 'this or that' when in FACT they are all OWNED and do what they are told by the global plutocracy or the same minority ruling elite referred to above.

The simple solution for this enslaving situation is to emphatically reject ALL the 'information/lies' major media organisations now specialise in propagating -- all of it is clearly propaganda designed to deceive and manipulate the masses -- the current Oz PM flagrantly lied to the people of Australia to gain office and then not only reneged on his promises but worse, he began to do the exact opposite of what he promised, if he said he would, he didn't; if he said he wouldn't, he did, never has the nation known such a horrid, duplicitous, lying bastard as Tony Abbott the latest lackey for the elite forces to which I refer.

I need not labour the point as simple research verifies the fact; I would rather offer the obvious solution to the 'divide and conquer' strategy that now grips society (alienation) and the political world. The nefarious, mass murdering, criminal elite to which I refer only number a few thousand globally and a modicum of research reveals their identities -- you could start with the CFR, Bilderberg group, Trilateral Commission and their off-shoots. All members are complicit in massive crimes against humanity as are their owned political puppets/facilitators; simply have them all indicted and arrested for their KNOWN crimes and hold them all legally accountable; failing that, trained specialists are easily able to drop them at will, these people are only able to take their next breath because we allow it; furthermore, THEY KNOW IT, hence all the new draconian, repressive and oppressive social laws, global surveillance and indefinite detention without trial or charge.

If the masses fail to act and remove this minority pestilence from our planet then they deserve what they get, and if you want a taste, just review world history over the past two decades, especially the

orchestrated trigger event, or 'New Pearl Harbour' -- the false flag operation known as 9/11, which remains the most botched and obvious false flag operation in history, a 12yo child has trouble accepting the government story! We are simply dealing with psychopathic criminals, people!
