Simple minded Tony Abbott likes clichés so I hope he understands the implications of the title. He is finished!

Unemployment skyrockets, economy bottoms

The only support Abbott has today is from paid PR consultants, that are all aware he is dead meat, but what the hell, they are being paid for their services, \$6 million/annum of taxpayer funds.

Abbott has no mandate from the people for his toxic policies or support from even his staunchest allies in the Liberal Party after he failed to trick the people with more gross lies and deceit. It seems the only person that hasn't got the message that the PM is a lost cause is Abbott himself.

It is known in astute political circles that a leader that has lost the ear for the public is a goner, in Abbott's case he never had an ear for the Australian public.

Imagine the hide of a man that blatantly lies and deceives the people into electing him as PM and then hopes to continue as leader with a raft of unrepresentative toxic policies, which he is forced to implement to [repay plutocrats](#) Murdoch and Rinehart for their ill-considered support. The interests of self-seeking plutocrats are never compatible with the aspirations of the masses but Abbott's arrogance deluded him into thinking that he could shit in everyone's face and then say, I'm doing you a favour, support me! It is symptomatic of a self-obsessed, megalomaniacal, pathological personality to even imagine he could serve an unrepresentative minority and hope to dupe the majority with MORE deception, lies and PR trickery regardless of how much support out-of-touch Murdoch gives him in the media.

The only question regarding Abbott's future is when the inevitable will occur -- Abbott is a 'dead man walking.'

Don't forget the ABC Tony, that's a good boy!
