So-called world leaders, i.e. puppet facilitators of the unrepresentative policies dictated by a criminal, corporatist and banker elite, are all bleating increased “security,” on queue as expected, after the (managed) terrorist attacks by a few moronic useful idiots that were all very well known to police and intel agencies, interesting!

And who or what is the real target for these oppressive police state policies, well YOU of course, as it is now proven beyond any doubt that ignoramus police and agencies world-wide and the pan-surveillance conducted by the NSA is INEFFECTIVE against real crimes of terror, so why continue to oppress and contain the masses?

Okay, we needn't labour this point, as the massive erosion of democratic rights and liberties over the past two decades is well known and yet it is not enough for those that wish to oppress, divide and enslave humanity.

The CRIMINAL oligarchic or plutocratic elite that installs puppet politicians to office/power are not safe and they know it; the internet age has been and continues to be, the only voice of reason and exposure of the secret world of the 'deep state' or 'shadow government,' as it is known.

But let's run with “security” for the moment and see where it leads us in a world of perpetual war, mass murder, State ruination, economic unfairness/chaos and massive pollution.

The first OBVIOUS question that should be asked is who espouses the doctrine of ‘perpetual war, regime change and resource theft’ as is occurring as I write and has been occurring over the past two decades? Answer, not inbred moron Islamists but Zionist American neocons whose policies Obama and ALL western puppet leaders adhere to as they have no choice in the matter. And what do these policies amount to? In a word, FASCISM and the associated means to preserve that perverse ideology with social oppression, illegal pan-surveillance and increased numbers of para-military police. Now ask yourself, who is most served by these neo-Nazi policies? Of course the UNREPRESENTATIVE minority elites that hold sway over our governments. [I do not wish to perpetuate a myth as the real rulers of the world are the awakened global masses, that is why the PEOPLE pose the greatest threat to elitist minorities.]

Now it follows that REAL SECURITY is achieved by eliminating the forces of mass murder and destruction, and we have already determined who they are -- it is also worth mentioning that those forces are primarily located in the USA, Wall St. and Washington, the 'City' of London and Vatican city.

All WE need do, as the most powerful social force on the planet, is eradicate the murderous minority elites that currently hold sway over OUR governments to achieve real lasting peace and SECURITY, we either achieve this through the democratic process or by force if the democratic process is corrupted or unavailable!

We should not be the target of evermore oppressive laws, surveillance and other undemocratic

policies, as it is clearly the mega-wealthy plutocrats and oligarchs that are the REAL threat to ALL life on earth, it is THEY that threaten humanity and the planet at the present time and it is they that are clearly responsible for the massive bloodshed and chaos that grips the world.

REAL security therefore becomes a very simple matter, as the overwhelming majority are peace-loving people that only aspire to an equitable sustainable life-style free of discord -- a prospect that criminal elites loath as it would deprive them of their debt-enslaved resource of workers, soldiers and police and would leave them naked, vulnerable and accountable.

So the next time you hear puppet politicians bleating 'security' you know who the REAL security threat to humanity is!

Peace and real FREEDOM are always available to the masses but of course the masses must be aware of the nefarious evil forces that are behind ALL the chaos, wars and destruction and be willing to restore REPRESENTATIVE democracy to their respective nations. Only then would the profiteering corporatist wars and conflict that plagues the world today, CEASE!
