

Un-mandated and Non-representative -- when will they ever learn?

Tony Abbott has been completely rejected by an overwhelming majority of Australians, 68% -- a fact lost on the INSULAR Libs today. The people rejected Abbott because he is disingenuous, a fraud and pathological liar that stole the office of PM with calculated deceit and a litany of lies. It is a thorough absurdity that Abbott continues to state that the people elected him to govern when he LIED through his teeth to steal the office of PM.

Abbott has no mandate from the people to govern as he clearly holds the people in contempt. He also continues to serve minority corporate interests as his anti-social policies clearly indicate. Saying, "I've changed" to the public but continuing to pursue his harsh, anti-social policies that target the most vulnerable in the community while giving the wealthiest -- CORPORATIONS -- a free TAX ride, REFLECTS REALITY, as opposed to Abbott's continual stream of bullshit; leopards and conservative politicians do not change their spots.

The Labor Party fiasco of calamitously changing leaders very late in the day seems to be the path the Libs have also chosen today. What that imbecilic action dictates to the Oz Public is that neither the Libs or Labor have learned to listen and represent the Australian PEOPLE of the 21st century! Well, so be it, as the people have made it very clear at the polls that they will not be taken for granted or lied to period.

Abbott is already dead and the Libs, with eyes wide open, have today chosen to go to the grave with him. It is abundantly clear that conservative politics in Oz is stuck in the 20th century as the conservatives continue to pursue antiquated and failed methodologies of duplicitous and disingenuous leadership.

Watching both major out-of-touch parties perform in the Oz parliament is an exercise in tedium and tragedy for the nation. However, the positive side is that the PEOPLE are screaming for genuine REPRESENTATION and honest leadership -- both major parties have in effect gifted government to anyone that is willing to truly uphold Oz values of a fair go for ALL. The days of plutocrats like Murdoch and Rinehart installing (and un-installing) prime ministers are over.

So you see, Abbott is really the best thing that ever happened to this country as he is the most transparent liar the nation has ever seen in government. No leader has ever been able to mobilise/wake up an entire nation to the ruse of federal and state politics. It is also very fortunate

that so soon after Queensland the people of NSW will have THEIR opportunity to send a very clear message to our hopeless, corporate serving, unrepresentative, corrupt, LYING politicians.

Vote ONLY for representative INDEPENDENTS at all times in ALL elections and restore Australian democracy. The major Parties today have become their own worst enemies.
