Hope is not lost in that profoundly Lost nation of fools, mass murderers and avaricious pigs

"O Gawd of the Wholly Crapture, when you finish smitething and tribulating all of these gawdless haethans, freaks, and unchosen flotsam and jetsam of thy most dangerous creation, man, please rapture up all of thy most venomous, foolowers before they turn the beauty of this most beautiful world you created into a barren radioactive wasteland -- Awomen."

I hope you enjoyed this woman's textual response to delusory dispensationalism as much as I did. The entire perverse movement is easily refuted by a line in the Lord's (whose?) Prayer. "...*Thy Will be done on Earth as it is in Heaven*"

Creation is NOT a garbage dump to pollute, abuse and disregard as many American fundamentalists believe. Deity is not separate from Creation -- one expresses the other.
