

Australia, to its Great Shame, Proposes Extending Anti-Terrorism Laws/Powers Over Minors

As an Australian, I am truly aghast at the latest appalling [news](#) regarding labelling and targeting minors as young as 14, as terrorists and placing them under restrictions and monitoring, what fuckin' next, restricting kindergartens where children throw mud pies at each other, notwithstanding that the measure would CREATE TERRORISTS out of sensitive, impressionable, confused, persecuted (by authorities) youths undergoing biological changes to adulthood. At the very least the experience would scar them for life - what a thoroughly mindless action that should be immediately opposed by ALL rational, thinking politicians in parliament.

Abbott and Turnbull, two peas in a pod

It should be noted that these proposals were made by CONSERVATIVE politicians, one of whom, Mike Baird, is a self-confessed "great mate" of Tony Abbott, the most divisive, callous, heartless and thoroughly incompetent PM Australia has ever had to endure; and it seems that new conservative PM, Malcolm Turnbull, who has not reversed one of Abbott's harsh policies targeting the people while giving a free ride to the elite big end of town, is of the same breed -- a visionless, bereft, anal control freak. And if anyone reading this is in any doubt regarding my claim read the embedded article above from the mass media and get your jaw-strap ready.

For those unaware of what conservatism really is take a good look at ISIS, a group of ultra-conservative, moronic, violent INTOLERANTS that fear change and free thinkers above all else. Now it appears that Australian anal conservatives are giving ultra-conservatives a run for their money. Everyone should understand that if the world was governed by conservatives of any stripe it would be locked in a suffocating, over-regulated ideological box that would translate into a stagnant existence without any hope of change, positive reform or progress.

Conservatives view all radicals as a threat, though history records that all man's great achievements were made by creative radicals that THINK and ACT outside the 'box' but please do not take my word for it, look it up, all positive revolutionary change is radical by nature.

If conservatives ran the world the Spanish Inquisition and European "dark age," would still be with us, FACT!

Would someone, preferably the PEOPLE, put these conservative imbeciles out to pasture before they

contract the nation into a Gulag. For Christ's fuckin' sake, pubescent 14-year-olds!!!! I have nothing more to add except WAKE UP AUSTRALIA, not even police State, fascist America would propose such a horrendous idiocy on its youth.

Anything to say, Malcolm, you spineless, policy paralysed, all talk and good for nothing? Take the initiative on this gross injustice/CHILD ABUSE before you suffer the very real political consequences. Without doubt this proposal is the most un-Australian, regressive action yet recorded, and you have the hide to refer to Australian VALUES to push your despicable agenda, you stinking, gutless HYPOCRITE, Turnbull.

Mike Baird, Mr 'likeable' -- sinister to be precise
