

If it Walks, Talks and Kills like a terrorist it's a Terrorist

international / prose / post

To paraphrase Russian FM, Sergei Lavrov and indeed Russia is making short work of ALL terrorists in Syria much to the chagrin of the USA, Israel, Saudi Arabia, Turkey, Qatar and Jordan, nations that are on record as flagrantly supporting, arming and training what they categorise as “moderate terrorists” -- give reason, common sense and plain English a break! There simply is no such thing as a ‘moderate’ terrorist, but who then would fight America’s proxy wars in the Middle East, North Africa and elsewhere?

ISIL and its fleet of Toyotas which materialised from thin air!

So let's apply Lavrov's common sense rule to Iraq first, a nation ruined by a US led illegal invasion, which transformed Iraq into a ruined State and breeding ground for extremists - well done Washington! Now note: when questioned on the pre-invasion deaths of 500,000 innocent Iraqi children, mostly under ten, due to US/NATO sanctions and embargos of medical and other essential supplies from the West, the then US Secretary of State, 'Mad' Albright, said that, "it was worth it!" Does that talk sound like a callous, inhumane, barbaric psychopath? Qualifier #1.

Iraq was illegally invaded shortly thereafter and transformed into a chaotic ruined State, which criminal misadventure left over one million innocent men, women and children dead, and five million more displaced - refugee crisis anyone? The invasion also resulted in the first human holocaust of the new century. Qualifier #2.

Now consider the current media hysteria over the Paris attacks which death toll expanded is less than two hundred innocents. Now ask yourself, where was the CFR managed Western mass media when half a million children and another one million innocent civilians were cruelly slaughtered in Iraq? I'll tell you where, staunchly supporting the illegal invasion and IGNORING the CRIMINAL consequences and horrendous civilian death toll of that invasion, and so when the Western mass media swings into high saturation gear, we can be sure that something other than what is presented is underway, let's test our ability to add 2+2 shall we?

Perhaps the PRE-PLANNED illegal invasion of Syria to protect 'moderate' killers on the ground with the establishment of a 'safe zone' for the terrorists of course, God forbid all that money, arming and training for nothing! Turkey will invade to the North, under the guise of creating a "safe or no-fly

zone,” Israel to the South while it negotiates a deal with the US to allow it to STEAL the Golan ‘recent oil discovery’ Heights, and NATO wherever Washington decides to deploy those compliant, complicit forces. Now perhaps a word or two about what a “no-fly zone” actually means, so let’s turn our 24 hour media washed brains back a few years to the Libyan ‘humanitarian intervention’ where a no-fly zone translated into reality was NATO doing all the flying, bombing and assisting the fledgling ISIL sent in to assassinate Gaddafi and his sons and ruin the nation – NATO forces flew 26,000 sorties and bombed Libya, once the most affluent stable State in North Africa, back to the ‘stone age’ an oft quoted threat to non-compliant nations made by US war hawks! Qualifier #3.

So which nation is REALLY the world’s leading terrorist State ruled by mass murdering criminal psychopaths, Oh, but I’m asking people to add to 3, a task well beyond the capability of today’s mindless masses. So quick catch the latest dedicated ‘news’ special on the very suspect Paris attacks, a very thin orchestrated justification for what is to come -- and you deserve everything you get from the criminal forces you have allowed to turn our once relatively peaceful world into a hell hole.

Now comes the cherry on the reality cake, morons; I also have a military background as well as specialist skills in analysis and mass communication – all budding officers learn in their first year in military academy that one of the most effective means of defeating an enemy, Jihadist or otherwise, is to cut off supply lines, AND GUESS WHO IS SPONSORING and supplying today’s terrorists, re-read the above and do some basic research, you demented, media-led, dunces!

For fuck’s fuckin’ sake, bring on another transparent mini-9/11, it worked the first time!

If vassal Australia had an independent Statesman leader instead of a smarmy lawyer and former G. Sachs banker puppet of the criminal elite, the Sydney Opera House would be lit up in RED alone to indicate all the innocent blood spilled by allied terrorist forces ‘keeping us safe’ and ‘spreading democracy’ throughout the world. You’ve got to be kidding if you can’t see through the thin propaganda to the evil machinations behind the scenes.

Wanna stop ISIL, simple, STOP the nations that overtly supply and support it, Toyota truck anyone?
