

Stopping Wars Permanently

A friend approached me after reading an article on this site that ended with, "... [our future is in OUR hands](#)." He complimented the story but asked what he could do.

Now it's been a long time since I was spoon-fed, I actually recall those times as a BABY; however, due to the pervasive influence of the mind-killing western mass media, it seems I am required to spell it out or at least explain a simple formula that any elementary school kid would understand, so feast what's left of your ability to think on the following:

Wars require money, lots of it, so who funds wars? Answer: the interests that profit from it of course. Now, would it give you a headache to connect the dots? Those that profit from war also fund it, DOH!

Okay, now how do we stop wars? SIMPLE, eliminate the cruel and heartless psychopaths that profit and fund war, DOH again! This is not rocket science; furthermore, the interests that fund war do not do it in secret, they are well known corporate and banker interests who care less about spilling innocent blood than they care only about THEIR profits -- gained at any cost in innocent human lives, as the past fifteen years clearly exemplify.

Do you remember when US Secretary of State, 'Mad' Albright was interviewed on 60 minutes about the deaths of over 500,000 innocent Iraqi children due to US enforced sanctions and embargos on medical and other supplies to Iraq; when asked whether the deaths of these children was "worth it," corporate and banker elite puppet Albright responded, "...WE think it was worth it!" Now, you do not have to be a psychiatrist to realise that is the response of a psychopath, as what was worth all these needless deaths was a barrel of stolen oil. And so all the conflicts in North Africa and the Middle East revolve around stealing the resources of targeted weaker nations.

Forget the terrorist LIES about these wars, as the terrorists have ALL been created and funded by the very same interests in order to create a pretext for outright THEFT! Now a little research or even basic appreciation of reality indicates that ALL western governments serve these nefarious interests and NOT the people, so every major party in the western world has been bought one way or another and are therefore totally corrupt, or haven't you noticed how nothing changes no matter which party you elect to office?

So how do we, the people, the most powerful social force on the planet, stop all wars permanently? Re-read the above and then realise that you/we are able to elect REPRESENTATIVE INDEPENDENTS that serve the MAJORITY, not the banks and corporations that profit and fund WAR. Or DEMAND that the interests that fund and profit from needless wars are held to account for their heinous crimes. The proof is abundant and these interests make a show of their sick machinations by FUNDING simply follow the money trail and then demand JUSTICE or remain lobotomised and duped by the mass media and expect the worst.
