'Hoist High the Black and Red'

While China's [People's Daily](#) and the [NY Times](#) engage in a media war over mutual accusations of corruption, misrepresentation and wealth in high places -- the one aspect of this East-West mud slinging is the reality that Plutocracy thrives in both nations regardless of Communist or Capitalist veneers!

We can't thank the CFR controlled NYT and centralist controlled PD enough for highlighting the fact that both nations actually have more in common than previously thought -- greed, corruption, selfishness and PLUTOCRACY!

A word of warning, watch out ruling elites in both nations -- the masses have woken to the facts and the current media war simply confirms what both populations suspected all along, that Communism and Capitalism are merely convenient disguises for the real power elites, the moneyed Plutocrats.

The next phase is imminent, its called majority rule or participatory democracy; Anarchy by any other name -- can't say we didn't see it coming. But the real fun is has not yet begun, it seems that my carefully made nooses will finally be put to good use!

How very sweet it is -- and you thought it couldn't be done -- asymmetry is a keyboard! Now we have the CFR, NYT and PD doing it, unawares of course -- dumbarse plutocrats!
