

Brussels Bullshit - Most Probably a 'False Flag' Attack

First, let me emphasise what informed analysts and commentators have known from the start – ISIL/ISIS/Da'esh is a CIA creation aided and supported by Saudi Arabia, Israel, Jordan, Turkey and other Gulf States, which (Saudis) have come out and stated they [control](#) the 'terrorists' (and proxy fighting groups) like turning a switch on and off – re: threat to Putin's face prior to Olympics.

Secondly, any lobotomised, inbred, Muslim in the western world that falls for the ruse of ISIL's (CIA) propaganda is what he/she is, a moron, or intellectually undeveloped impressionable youth, as previously described.

Thirdly and most importantly, the evil elite 'shadow government' of the western WORLD requires a constant threat to manage populations and to justify the eroding of free speech, civil liberties and to facilitate the implementation of a police state to contain not the 'terrorists,' but YOU! "New sweeping terror laws" are a direct affront and attack on everything our fathers fought and died for to free us from social oppression!

A little investigation into the Brussels attack would reveal the above and more to anyone with a few active brain cells to bless themselves with. The FABRICATED terrorist threat must be maintained (by the elite) for reasons outlined above AND in order to consolidate elite power while constantly oppressing (western) populations, which they view as a threat to their nefarious agenda for world domination.

Now, go ahead and do some research on ISIL/ISIS/Da'esh and who supports them instead of being intimidated by tissue thin lies, facile propaganda and false flag attacks designed to cut the legs from under DEMOCRACY and our precious civil liberties.

Even Washington puppet, the current [Australian PM](#) has recently attempted to capitalise politically from the Brussels false flag attacks, and remember it was the previous PM, Tony 'yez boss' Abbott, that directed the search for missing MH-370 to the WRONG location in the Indian Ocean on Washington's orders -- the plane rests in a deep sea trench off secret US communications station [Diego Garcia](#).

Indeed, it is well said that 'KNOWLEDGE is POWER.' And more power to the 'aware' people; the elite 'shadow government' is responsible for all the resource wars, millions of dead innocent civilians and political oppression (worldwide) in the 21st century.
