

You Want the Truth?

by cas *Monday, Apr 25 2016, 2:05am*

international / prose / post

Saudi Arabia and its Wahabists, Washington/CIA/NATO and Israel's Mossad are behind ALL the MAJOR terror events in the world. And who is behind these puppet players? The mega-wealthy trillionaires, Rothschilds, Rockefelles etc, which have had the world by the financial throat for centuries, known today as the global elite. That is the long and short of it. There is no democracy, it's a charade/joke and has been for decades. Watch Clinton 'win' the presidency as arranged, and other servants of the global elite in western nations take the highest offices in the land, while your wages, entitlements, freedoms and a secure future are continually jeopardised and diminished. And if you mass media and digitally distracted dunces decide to wake to the ugly reality that you are enslaved in a rigged social system, then you would easily be able to restore freedom and democracy to the world.

These evil elite interests are above the law, they kill millions at a whim and no-one holds them accountable, the only rule for them is that there are no rules, while you and I are SUBJECT to their contorted laws. Fair dinkum, what a self-imposed tragedy for the masses. WAKE UP people before the psychopathic elite destroys everything including a tenable world to live in. The TRUTH, as was said of old, will set you FREE, it's all been exposed today and is available in the public domain. Why be enslaved sheep led to the slaughter? Cease CONSUMING biased, elite-owned mass media products, LIES/propaganda and reject the digital 'titainment' distraction show; if you seek the truth you WILL find it; someone a lot more gifted than most promised you that!
