Indeed, he is, as did his predecessor Tony Abbott, who failed to dupe the Australian public during his catastrophic, DISHONEST, chaotic, WASTEFUL and DESTRUCTIVE tenure in office. So let's give it another shot with Abbott lite, Malcolm Turnbull!

First it should be stated -- and PROVEN with [recent recorded history](#) (on the public record) -- that the Liberal Party is owned and controlled by elite private [corporate/banker interests](#). Any doubts you may have about Turnbull's integrity will be removed in the clear light of recorded facts, which also lists a number of other cherished public assets on the business elite's hit list. The conservative agenda remains the same, the only thing that has changed is the puppet salesman -- you see, the cowardly business elite view the public with utter CONTEMPT and arrogance, they imagine it is their birthright to rule over the oppressed 'moronic herd' via bought, personality-flawed, PATHETIC, puppet politicians.

Many uninformed and ignorant people refer to Turnbull as a new light in the Liberal Party, don't kid yourselves, it is as obvious as dog's balls that the Malcolm Turnbull Australia WAS once familiar with has DISAPPEARED; never has a politician back-flipped on so MANY of his personal principles which defined him as an individual/personality, in fact, Turnbull has less integrity than reviled (for good reason) Tony Abbott, as Abbott was true to form, he believed in what he was doing; Turnbull on the other hand has the integrity of a whore, you get what you pay for, and Turnbull, in order to fulfil his (pathological -- NPD) narcissistic ambition to become PM, has sold his soul to Big Business interests which own and rule the Liberal Party, as clearly demonstrated in his corporate-favouring/serving (at the expense of the nation/public) BUDGET, plain to SEE!

All relevant proof and information is covered in the above embedded links, all one need do is connect the dots and realise that any vote for the TREACHEROUS, DISHONEST, LYING, INTEGRITY-DEVOID Liberal Party is a wasted DESTRUCTIVE vote.

Trust the **recorded facts** and your **own judgement**, not the sewage that continually issues from the mouths of major party politicians.

We've heard it all before!
