(All Politics is Local)

What a piss-poor grasp our polties have on REALITY! It is clear that western populations in developed nations have become totally disillusioned with status quo and dishonest, unrepresentative politics. The USA, now the UK, are clear blazing examples that people everywhere are fed up with the usual SLOGANS and hollow rhetorical banter of antiquated-thinking polties. PEOPLE WANT INTEGRITY from their leaders and they are not getting it, as it is clear that political leaders serve minority elite interests. Put succinctly, PEOPLE EVERYWHERE want the TRUTH and representation not empty rhetoric, slogans and the usual boring TRANSPARENT shit that issues from the mouths of puppet polties. It could all be summed up in a word INTEGRITY, or the lack thereof!

Disgraceful, owned, incompetent PUPPETS

Any HONEST, representative politician would tell the people the TRUTH and then GAIN huge support, but all we here is babble and bullshit from polties attempting to hide the fact they serve minority interests and are NOT representative of the MAJORITY. Well, PEOPLE are now reacting to being treated like chumps and IGNORED. Trump and Sanders prove that in the USA and Corbyn and the Brexit prove it in the UK; however, the penny has failed to drop in Oz. All we see and hear is “radio ga-ga,” to borrow a lyric, and the PEOPLE will react HERE as they have everywhere in exactly the same fashion -- goodbye OWNED, LYING, integrity-devoid MAJOR PARTIES!

You want proof? BOTH Oz leaders are currently arguing the toss on homosexual marriage when CLEARLY the MAJORITY doesn't give a shit either way, the majority is SUFFERING from stagnant wages/income, leapfrogging prices (for everything) and government attacks on essential care and services! Address those and other CRITICAL issues not fuckin' gay marriage; let them marry and enjoy the 'bliss of wedlock' and then getting cleaned out by a disgruntled partner, who gives a fuck, you disconnected, captured by antiquated-thinking MORONS? The gay marriage issue is the LEAST concern to the PUBLIC. Get REAL or suffer the consequences; REALITY is in your stupid, political faces, Msrs Turnbull and Shorten.

The message is CLEAR: the status quo (elite rule) has clearly been REJECTED by the masses and the current (failed) political system has been repudiated. So, any politician that wishes to succeed MUST

trust the people and tell them the TRUTH in order to harness the huge SUPPORT BASE of the MAJORITY -- but do any Oz politicians SEE the OBVIOUS? Not a chance, Turnbull is a shadow of his former self and Shorten has failed to seize the huge opportunity the Brexit has given him to trounce the conservative elite. The WORLD, especially Aussies, are screaming in the ears of our deaf politicians, which continue to listen to their disconnected advisors/consultants -- it's CLEARLY the advisors and consultants that are responsible for Oz's leadership merry-go-round -- and the PEOPLE will put an end to it by withdrawing ALL support from the MAJORS.

All the great charismatic leaders of history were loved and trusted by their people, who loves or trusts today's lying, useless, insular, incompetent idiots? Need I say more?

Vote Independent and send a clear message to idiot polities that take the AUSTRALIAN PEOPLE for granted, or worse, treat them like chumps, as Abbott did and Turnbull and Shorten are now doing!
