

Oz Elections: Fear Campaigns only appeal to Feeble Minds

by claire Saturday, Jun 25 2016, 11:04pm

international / prose / post

The surest way to zero credibility for any politician is to engage in fear campaigns; and there they go AGAIN, both Oz leaders!

'Bill Turnbull,' PATHETIC, spineless, PUPPETS!

Consultant-led political leaders have been 'assured' by their ad/marketing and PR consultants that fear 'works' and where no reason to fear exists, consultant-led political leaders LIE and fabricate objects of fear and terror; I would add -- though the subtext is CLEAR -- that the leaders in question are clearly SERVANTS, not leaders, as genuine leaders with nothing to hide and that have the best interests of the MAJORITY and NATION at heart have no need to appeal to the brutish primal nature of dumb beasts; real leaders appeal to reason, as befits OUR evolutionary status as mature, AWARE, sophisticated beings -- it's been aeons since we emerged from the forests!

This antiquated, archaic method is purely EMOTIVE, it attempts to bypass REASON and deliberative thought, which simple application makes ALL fear campaigns TRANSPARENT and reveals the true character, desperation, ineptitudes and thorough incompetence of pretend leaders and their idiot advisors. Appealing to the basic fight/flight instinct, which the species inherits from its primeval past roaming in dangerous jungles among the beasts, not only reveals the hollowness and lack of integrity of candidates, it reveals the puppet nature of today's politicians both on an interpersonal level and the more relevant level, that of elite interests that have captured our politicians and guide them like the spineless characters that they in FACT are!

Fear campaigns in fact reveal the utmost contempt for the PUBLIC; those that pursue these methods view the masses as mindless, easily-led, EXPENDABLE herd beasts. The clearly nefarious interests that employ these tactics have to date wreaked havoc on the WORLD. These interests think nothing of mass -- millions to date -- MURDER, and ruining entire nations and destabilising the globe with millions of refugees, for personal gain, all the while maintaining the most basic, DECEITFUL, transparent, fear tactics to distract the public away from the Truth and REAL causative factors of the prevailing chaotic reality.

Nevertheless, it becomes clear that the only beasts to fear today are dishonest, integrity-devoid, UNREPRESENTATIVE politicians that serve cowardly elite interests.

Theirs is a tragic horrendous GAME of DECEIT and any politician that engages in these infantile, transparent tactics should be ROUNDLY CONDEMNED and REJECTED, which translates in Oz as

rejection of BOTH major owned PUPPET parties.

Today's global population is the most politically aware of any previous generation and people have proven it by flatly rejecting antiquated, tired formulas of crowd control, WORLD-WIDE! Vote for your pet dog/cat before you vote for sellout, GUTLESS politicians that clearly treat the public with contempt. We CAN RESTORE REAL DEMOCRACY, as the masses REMAIN the most powerful social force on the PLANET!
