

Blind Americans can't see past their collective IQ -- two criminals are vying for the Presidency

It's out there plain as day, couldn't be clearer, both Trump and H. Clinton are criminals though their crimes differ. Trump is infamous for his corrupt and illegal building escapades, employing illegal cheap labour and bankrupting his companies in order to evade legitimate debts, he's a big time cheat and criminal, however, he alluded jail by paying off politicians, he even bragged about it recently, the Clintons once beckoned to his call because he had donated millions to the family in the past, such is the corrupting power of ill-gotten money and the impunity it provides in the criminally run USA.

The choice, you must be joking, America

Hillary Clinton, is another genus of criminal, she and her husband are tightly connected to the Bilderberg and CFR elite, the two most nefarious organisations on the planet. She is a reprobate LIAR of the first order as is her lying, bank-deregulating husband -- 'sniper fire in Sarajevo,' my arse, not to mention her huge, obvious crimes regarding breaching government security regulations with a private, managed and UNSECURED email server, with which the world's hackers have had a field day; yet kiddie hackers are jailed for decades for far lesser crimes while Hillary, supported by the global elite and Wall Street, evades justice. Most Americans are aware of the records of these two brazen lying CRIMINALS, yet Americans continue to play the orchestrated election game, which offers them a choice between a turd and a vomit -- give the few thinking Americans a break!

Why do the majority of Americans continue to live in denial, ignore their Constitution and other founding documents, which clearly call for the PEOPLE to remove criminals from power? What more could a true democratic society ask for than a Constitution that allows the population to safeguard the seats of power in government? I've heard almost all the arguments, it's impractical as elite criminals have corrupted the judicial branch and national regulatory agencies, police etc. Well, bunk to that, in essence the TRUTH is that Americans are COWARDS, simple as that, home of the brave, my arse! Americans are clearly the most constrained, enslaved and obedient population on earth, after all, which other population would allow officials (perverts) to grope their genitals at airports, a situation which made all Americans the laughing stock of the entire world, no-one could believe the level of subjection Americans displayed to the world; Americans are very obedient slaves indeed, with no self-respect or character whatsoever, plain to see.

The second amendment allows for the population to bear arms, some argue that it was originally

designed to protect the interests of the ruling elite others argue it was to ensure that the population would be able to remove criminal governments by force. Whichever the case, as it's irrelevant, the PEOPLE have that right, yet the population is too busy shooting each other to take aim at the REAL criminals oppressing them, indeed, no western population is more ignorant or pathological than Americans, obvious!

So what hope is there for REAL FREEDOM in America with a subservient, ignorant population, the question answers itself -- NONE!

So to conclude, enjoy your orchestrated presidential election, yankee doodle dreamboats -- where the choice between a vomit and a turd befits you!
