

“Peace in our Time” -- My Arse!

Today is almost a replica of pre-WWII politics; it was Neville Chamberlain who returned to England to declare “peace for our time” and wave a peace pact with Nazi Germany to the desperate, frightened masses -- The Munich Agreement -- which the Nazis, like the neocon Nazis of Washington today had/have no intention whatsoever of honouring. You see, the Nazis had an agenda, world domination and the Thousand Year Reich, as indeed Washington has a similar agenda today -- PNAC or world hegemony, and any nation or leader that opposes or obstructs this plan is targeted for military conquest and elimination.

It is truly amazing today that Putin, today’s Neville Chamberlain, cannot see the nose on his cowardly face -- his hesitancy/caution has lost him the initiative in Syria and perhaps has lost him Russia, many analysts see the possibility clearly. Woe to you Mr Putin, as the Russian people would not hesitate to destroy you after it becomes clear that you alone, acquiesced to arch enemy, America.

Needless to say, Chamberlain was waving a piece of toilet paper to the British masses, The Munich Agreement, as war was always the intention of the Nazis, and this conclusion is not a result of the benefit of hindsight, as indeed WAR is as surely predictable today as it was then.

Putin blinked in Syria big time, the ILLEGAL US-Turkey invasion and occupation of swathes of land in Syria is just the beginning. Woe again to you gutless Putin. Could you imagine Khrushchev or any other Russian leader not acting immediately to stem the advance of the neocon Nazis today? Not a chance, but tragically for the Russian people, Putin is not of the same cast and mettle as previous Russian leaders.

The neocons are well aware of the fact that Russia allowed the Balkans to fall, arch-neocon, Paul Wolfowitz made a public statement that, ‘we learned that Russia would not retaliate in support of its allies,’ after the Balkan plan to divide, bomb and conquer, a strategy so stale that it reeks, especially after the subsequent fall of Iraq and Libya, yet who is aware of REALITY and which leader today is able to act to save their nations from the same threat that faced the world pre-WWII? None, it seems!

Alas, unless Russian patriots in high office and position take Putin out back, put a bullet in his head and stand down the US, as Khrushchev and other Russian leaders have done in the past -- then the war that China and Russia fear, would in fact be facilitated by their collective caution, hesitancy and cowardice -- plain to see, but few are looking.

Peace (ceasefires etc) are less likely today than they were in Chamberlain’s time, the only thing that has changed since WWII are the actors and weapons. Today is an almost perfect re-run of the late 30’s, and what happened soon after Chamberlain's gullibility?

The neocon lunatics that control Washington today have PUBLISHED their agenda (PNAC) and nothing will stop them from pursuing it and so WAR it is, I’m sorry to say.

Indeed, today, an ancient adage applies more than ever before, "He who hesitates is LOST!" And Russia has an appalling track record in this regard, so why wouldn't America pursue its agenda, no one is willing, though able, to stand the neocons down, in no uncertain terms and ACTIONS?

It is time for the FREE WORLD to WAKE UP!

"Those that do not learn from history are condemned to repeat it!"
