The following video (speech) is essentially damage control by elite servant/puppet Obama; there are some juicy undisguised nuggets in this clearly scripted 'speech,' the foremost being his analogous reference to the presidency as a "relay run," in other words passing the baton in the SAME race -- the elite formulated STATUS QUO -- which Trump PROMISED the people to eradicate.

Trump

There are many more revealing comments in this 9min speech, but exercise Your mind and arrive at the obvious conclusion yourself -- 'please Donald, don't fulfil your promises to the American people and disturb entrenched elite rule.' Well, what a typical, TRANSPARENT, croc of Obama shit!

No sooner did a previous contributor [post](#) write, "*So now it's panic stations, representatives of the elite will send emissaries/puppets and offer Trump deals and the usual 'incentives' to play ball ...*," than it becomes REALITY.

Do not lose faith in the grass roots revolution PEOPLE, 'stick to your guns' and allow no-one to sell you out AGAIN. And good luck Donald, you will need it if you have a shred of INTEGRITY.

It's all yours Donald, RESTORE the nation and jail the OBVIOUS criminals, from Wall Street to Capitol Hill -- that is if you have the balls to do it. Any backflip from you now would go down as the biggest sell-out in modern HISTORY.
