

BUNK -- All of it!

The following is a dose of REALITY for the uninformed, which is backed by hacker principles easily verified by all with a simple search -- lookup "hacker spoofing" on the search engine of your choice, and understand the REAL not the crapulous, unsubstantiated drivel that is presently issuing from "deep state" America. Though I would explain it here:

'Spoofing' is simply hiding the source of a cyber attack, spoofing is EASILY done by 'script kiddie' hackers, yes children, and more advanced hackers alike -- everyone that attacks spoofs the source otherwise they can be traced, doh! It's been going on for DECADES and will continue as THERE IS NO WAY TO PREVENT THIS TYPE OF TACTIC.

What that simply means people is that it is impossible for any half-skilled hacker to be traced FACT, REALITY, TRUTH, and anyone that claims they are able to pin-point the source of a professional cyber attack is a LIAR, pure and simple -- again research it for yourselves and become immune to the deep state's ridiculous, baseless, LIES that Russia, even Putin himself, has somehow been exposed as truly amateur hackers, the notion is entirely ABSURD -- consider also that Russian, Russian Jews in Israel, and East European hackers lead the world in cyber warfare, though the Chinese are catching up fast.

If indeed the Dems of the US were hacked externally then few would know outside the insiders that perpetrated the act. The only way to identify hackers is by direct testimony or by bugging their encoded communications, which presents other huge problems, as professionals discuss in person or with encryption layered multiple times with various assorted encryption methods -- now think again, which State, would admit to this type of attack? All one need do is DEMAND to see the PROOF and the bullshit show is over! But that simple task is an impossibility for gutless Americans that would rather believe LIES and live in a media fabricated dreamworld than take responsibility for their own lives and the welfare of their nation.

Nonetheless, obsequious servant of the American ruling elite, puppet president Barack Obama, is now threatening Russia based on fabricated LIES not originating from the CIA but channelled through the CIA, which agency risks losing all credibility, and be aware that the CIA works for certain corporate interests, which are not working in the interests of the American people or the Nation, verifiable fact.

As for the rest that couldn't be bothered verifying fact from fiction, be sure to turn on your television sets where you will no doubt discover the 'truth,' you fuckin' indescribable, MORONS.

DEMAND TO SEE THE PROOF OR BE LIED TO FOREVER MORE!
