

## The Global Ruling Elite is Unravelling

Without the ability to steer the masses (public opinion) with lies, propaganda and deception via the mass media, the ruling elite is fucked, to put it bluntly. Everything depends on 'perception management,' otherwise it becomes plain the emperor has no clothes, furthermore, as that statement implies, the criminal machinations of the elite become known, as nakedness offers no disguises -- everything is SEEN, and in the case of the mass murdering, money/power-hungry elite that spells DEATH. And to what do we attribute this catastrophe for the elites, which have ruled western nations behind the scenes for centuries, their own overreach and astounding stupidity.

Indeed, everyone has in them the seeds of their own destruction and in the game of life -- survival -- one must be acutely aware of these tendencies, as history is replete with personages that failed to assess their limitations and self-destructive tendencies. The elite's mass media arm has failed, their strongest weapon is now ruined and there's no turning back regardless of efforts to re-establish the credibility of the lying, packaged news, mass media. Clearly the masses NOW SEE behind the lies as their voice and actions indicate around the WORLD.

Now consider how this failing elite is attempting to restore its power, with the "fake news" strategy and establishing a government (Orwellian, as though 1984 is not one of the most widely read books of all time) 'Ministry of Truth' -- an impossibility without the context of a totalitarian state, which fortunately has not yet occurred in any western nation though the USA is giving it its best shot. Surely even the idiotic elite must know that you can't push the cart before the donkey and that a Ministry of Truth cannot be effectively established without a pre-existing TOTALITARIAN state. Another symptomatic failure of an elite that is losing it at speed.

I look forward to their next bungled move and hope that it matches their supremely stupid attempt to control free speech. Perhaps the elites require a refresher course, and as it is obvious their manoeuvres imitate Orwell's prophetic fiction, give totalitarianism a try before you stupidly attempt to eliminate free speech and discourse. Best of luck with that endeavour -- lol!

Not too long ago I was in awe of what I considered at the time to be a formidable enemy, the elite had it sewn up; control of global finances via their Reserve Banking Cartel, which prints money from thin air and then lends it to nations at interest economically enslaving them in the process; a captured mainstream media for propaganda and disinformation services and a world wracked with

planned wars and chaos which distract the masses and hide the forces behind these unnecessary, ruinous tactics. But now that the emperor himself has exposed his teeny dick to the world it could come to more than just an embarrassment, indeed, elite necks are now exposed and ready for the noose.

A job 'well done,' my avowed enemy, you hardly offer a challenge these days. So much for the best 'experts' and consultants money can buy! But you should have known that paying huge sums for 'expertise,' has an inherent problem, paid entities aim to please and so the lure of more money tends to override objective critical thinking/REASON, and think-tanks, as is widely known, become mutual mesmerism groups which arrive at pleasing but erroneous assessments and conclusions. So please inform the world which group or moron proposed the 'fake news' strategy, seems like a CIA/agency idiocy -- I and many more can't wait to shred and stamp it underfoot in the courts. And do not imagine owning judges and politicians would make a difference, as the PEOPLE will go after their necks if they brazenly fail in their DUTY to uphold the LAW and D-E-M-O-C-R-A-T-I-C rights. But then, you have no other option except of course the last card, thermo-nuclear war.

So beware Mr Trump and Mr Putin, this unrepresentative criminal group is DESPERATE and the sooner they are eliminated the better for ALL. Do not allow yourselves to be lulled into a false sense of security. Begin the immediate routing of the elite by CONFISCATING THEIR ILL-GOTTEN WEALTH, arrest their stooges in government for treason and regulate the private sector until equity is re-established -- the people, indeed the global masses, will love you for it. Expose and nail the scourge that has plagued western society and the world for far too long.
