

Media War: There is no American media, it's a Propaganda Apparatus

Various commentators are [jumping about](#) attempting to defend the mass media from onslaughts by Trump, who has virtually declared war on this lying and despicable entity.

The US mass media has led the American nation into unnecessary wars based on lies which they promoted rather than investigated, they are as far from an impartial entity as could be imagined, the cost of this misrepresentation, misinformation and propaganda resulted in the death and displacement of tens of millions innocent souls, the elite CFR, controlling body of the packaged news industry, has much to answer for.

A very angry and personally offended president Trump, has rightly accused the media of LIES and misrepresentation, so clearly evident TO THE WORLD in the final days of the presidential campaign, he has accused elements of the MM of producing "fake news," designed to undermine him personally and subvert the office he now occupies. Of course the outrageous behaviour of the MM cannot go unaddressed and any fool that imagines the mass media is somehow justified for its brazen overt LIES, crimes and flagrant disregard for professional investigative journalism is either bereft or clearly in the pockets of elite plutocrats that own the lying machine -- beware you lying bastards, Trump could have all your heads if he so chooses.

Trump is supremely confident he is able to defeat this sordid group of power-addicted plutocrats, he has already proven he is not only able to turn their methods to his advantage but he instinctively understands the inner workings of media, not unsurprising as Trump made his public career as a reality TV performer. However, no person wishing to succeed in any field has ever had the gumption

to attack what was previously (to Trump) considered an unassailable entity. Well, Trump proved that erroneous assumption completely unfounded as not only did he defeat the MM campaign against him, he now openly displays he is not afraid or intimidated by media plutocrats; Trump has declared "they [mass media] will pay a price" for their sordid, and treasonous activities -- good call Mr president.

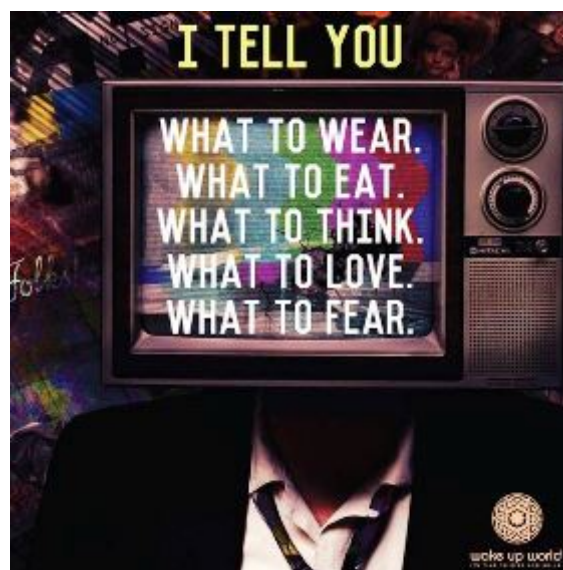

Without the assistance of the mass media the American elite could not have pursued THEIR wars of illegal invasion, mass murder, resource and land appropriation for personal PROFIT -- has anyone else benefited? Not likely.

The corporate arm of the elite has raked in \$trillions on the blood of innocents. Clearly, if any organisation, private or public, is able to deceive and steer a NATION to war it MUST be regulated, especially the concentration of ownership, or at the very least overseen by an official body with the power to either nationalise an offending media organisation or to hold its executives to immediate ACCOUNT. Perhaps if Trump adopts a rational combative approach to this NATIONAL problem, America may once again enjoy unbiased reporting and REAL NEWS, not the sewage that issues daily from the establishment mass media apparatus. Go for it Mr Trump!

As for the journalists/clowns that defend this disgusting entity, do so at your own very great cost, as credibility is currency in this profession. A career is easily ended overnight, simply ask the clowns that work for the Washington Post, a rag owned by an industry outsider, Amazon's Pezos, who is a great friend of the CIA, as are Eric Schmidt of Google and Mark Zuckerberg of Facebook. All of you are easy targets for canny communication experts, all we need do is tell the TRUTH about your relationship with the CIA and mass murdering global elite, Bilderberg, CFR etc.

You people live in a fool's paradise -- EVERYONE IS VULNERABLE -- especially those media megalomaniacs that imagine they are all-powerful. The world may soon witness how utterly pathetic you truly are, but you do not believe? We'll SEE!

The future promises to be anything but routine, and you can kiss your precious Status Quo, goodbye. The TRUTH will be KNOWN to ALL and you will all be held accountable and then executed for your many orchestrated crimes against the American people and Humanity. Who are you people trying to kid? Not the WORLD, I can assure YOU.
