

The Australian People KNOW when they are getting Shafted, Mr. Turnbull

Indeed, regardless of limited education, class and every other social factor the Australian population has always been acutely aware of hard reality. And that reality under the Libs, is struggle, hardship and NO HOPE of home ownership, while the 1% minority that need it least are gifted \$50 billion in tax and other breaks by of course fellow elitist (birds of the feather ...) PM Turnbull -- and this insular clown hopes to survive the wrath of the very hard done by Oz MAJORITY -- in your harbour-side dreams, Mr Turnbull.

Former Goldman Sachs banker Turnbull, elitist to the core

Attacking average Aussies and the vulnerable to replenish government coffers after wasting public money gifting the banking and corporate sectors is political suicide. Now, that should be obvious to the most incompetent Canberra polly but of course the Libs are beyond hopeless, they live in their own private delusions and fail to see the noses on their incompetent insular faces.

Well, living in one's own private harbour-side mansion comes at great cost, as the majority of Australians will very soon demonstrate. The Libs have NO HOPE with an elitist PM who is out of touch with the hardships facing the vast majority of Aussies. Furthermore, this heartless bastard attacks those least able to defend themselves, pensioners, students, and average workers. 'Ask your parents for the money to buy a house,' he says from his alternate (unreal) reality. Former Lib insular treasurer Hockey, casually says, 'get a high paying job,' yea, like mandrake the magician -- elites ENSURE they own the game and everyone else is locked out no matter how talented and gifted. It's a private incestuous affair hogging everything in profits this nation has to offer. These are just two of many ridiculous, disconnected views Liberal politicians share. However, the price the Libs will pay is SLAUGHTER at every state and federal election, so much so that the PEOPLE would ensure that the Libs do not see the light of political day for DECADES.

How would anyone expect a political group with these clearly bent/biased views of reality to govern

effectively and FAIRLY for ALL Australians, it's impossible?

Under the Libs unfairness has become a religion, attack those that cannot fight back and lick the arses of the media/corporate, banker elites that assist their tenure in government via the grossly biased, information-shaping, LYING, distractive MEDIA.

The unfairly (minimally) taxed banks and corporate elites now count their profits in the tens, sometimes hundreds, of \$billions per annum while the overtaxed (proportionally) public are no longer able to pursue the (once) Australian reality of HOME OWNERSHIP. So who is responsible, who is destroying this wealthy nation with inequitable policies which allow the elite minority to gain the highest proportion of national wealth? The Libs of course!

Not only do they OPENLY favour the wealthy minority but they cruelly attack the vulnerable who have worked all their lives for the paltry pensions they now receive, which of course are being whittled to the bone as I write. It's enough to make every fair Aussie pick up a gun, as they once did at the Eureka Stockade. However, we are a peaceful society and our most effective peaceful weapon is the VOTE.

Ensure that no Liberals are ever allowed to gain, VIA overt LIES and deception, any form of office State and Federal, again. These heartless liars should be ostracised until they are able to APPREHEND EVERYDAY REALITY for the vast majority of AUSTRALIANS; we also note that most corporate executives and banker CEOs are foreigners -- what do they care for AUSTRALIA?
