I recently read a piece in the local [Guardian](#), titled, "*The incredible shrinking Malcolm gets even smaller spouting 'Australian values'*" -- how true, Turnbull is USELESS, no secret, though most journos have missed the essential core element of Turnbull's rants -- and that is unabashed Anglo racism.

Useless, Politically Inept Clown, Malcolm Turnbull

Okay, you don't believe, so let's analyse, primary school level. So what are real Australian values? Answer, dreamtime, didgeridoos, witchetty grubs etc, all related to real Australians not Anglo convicts and British Imperialist conquerors. Are we getting it now? Readers would note that most of Turnbull's fake 'Australian values' are Anglo-centric, NOT reflective of cosmopolitan Australia TODAY.

Few contemporary Aussies give a shit about cricket -- even though my cousin played for Australia -- or naive, stupid colonials led by the British to THEIR slaughter in wars and used as cannon fodder, hint, we shouldn't be fighting AMERICAN WARS, only those that directly threaten this nation. Fair dinkum, Anglo Aussies are fuckin' DUMB, grow up you apron-string slaves! Indeed, I am intentionally referring to the SLAUGHTER at Gallipoli so leave that poor Muslim girl alone, she expressed her views as an Aussie as she saw fit, she's Australian, remember the 'value' of FREE fuckin' SPEECH? Here's the latest on her political victimisation/persecution by Liberal Party racists and Islamophobes, from *The Australian*, of course:

"Acting Prime Minister Barnaby Joyce has pushed the ABC to take action against Muslim activist Yassmin Abdel-Magied, saying her comment calling for people to remember refugees on Anzac Day made it harder to justify the public broadcaster's funding."

Now consider that STATISTICALLY Anglo Aussies are the minority in Oz, constituting only 48% of the population -- REALITY shock, ay! The vast majority of Aussies do NOT have Anglo backgrounds, they mostly have European and Asian backgrounds, so get with it Liberal Party bigots and RACISTS!

When I think of what Australians were eating before the influx of European migrants in the 50's and 60's I think culinary disaster and bowel problems, snags, mash and peas/beans/carrots with the guts boiled out of them, and fish on Friday, fresh salads and a range of nutritious vegetables on the nightly dinner table was unheard of, though the influence of racially abused at the time, immigrants, educated locals on how to eat REAL food not Sheppard's (constipating) pie, Yorkshire pudding, haggis and other acid and cancer forming rubbish -- give REAL Australians a break, you Anglo

retards.

So, Mr Turnbull, who is supposed to be an astute lawyer/politician, every time you spout the Anglo racist bullshit of the 50's, TODAY, you LOSE VOTES, as the MAJORITY here are not Anglo! Have we got it now, 'genius?' You may also consider more Europeans and Asians in your party as both groups have already competed you into a MINORITY, notwithstanding the academic achievements of second generation Aussies -- you racist, useless prick. Indeed it's time for YOU to retire to your harbour-side mansion and reminisce about the 'good ol' days, you insular, non-entity, you're about as useful as tits on a bull.

All my cousins have degrees and the one that doesn't represented the country playing 'cricket', you can thank Packer for that. The next time you open your far right stupid mouth I will shove my R M Williams semantic boot down your stupid, racist, lawyer throat -- and good luck with the NON-ANGLO MAJORITY, fool!

Mr Turnbull, you have just put a political bullet hole in your other foot. I advise growing a spine and using nous in future.

Acting PM and bigot, Barnaby Joyce
