When we speak of corporatists and extreme social parasites one name stands above the rest as the most vile; the quintessential Jew, Lloyd Blankfein, CEO of the most sordid Bank in the WORLD, Goldman Sachs!

Lloyd 'shylock' Blankfein

There is a breed of human -- usually of Semitic extraction -- that defies civilised and humanistic comprehension in that their avarice, sewer-rat cunning and arrogance have no limit. It is not enough that this man presided over the greatest fraud of the modern era and then blackmailed the American people to deliver their hard-earned tax dollars to bail out his incompetence and recklessness; this Jew now has the hide to lecture the people on austerity measures while he and his decadent ilk continue to accrue hundreds of millions in personal wealth at everyone's expense. What is wrong with this picture, you may well ask?

From the time of Shakespeare to today all humanity has been plagued by this genetic aberration/filth -- well, as in the days of old, the solution is simple; to use an expression coined by Jews themselves, a little 'lawn mowing' is required.

If this Semitic prick had the slightest notion of how he is viewed by the masses he would not dare measure his arrogance against the anger of the oppressed and exploited masses of the WORLD.

Related but not in the context of Jewish bankers; what do you suppose was Israel's reaction to the UN approving Palestine as a non-member State, Israeli Jews immediately approved [3,000](#) more illegal settlements on Palestinian land -- arrogance that knows no bounds!

Senator Bernie Sanders articulates the sentiments of the American people below:
