

The Elite owned Mass Media is Loathed by the Masses of ALL Nations

The most powerful weapon the unrepresentative global elite have is their Mass Media, which lied about and supported numerous illegal military interventions, first in Yugoslavia then Iraq, Afghanistan, Libya, Syria and other nations around the globe. The MM deliberately runs from the fact that Saudi Arabia not Qatar, which nation also supports terrorists, is by far the leading supporter of terrorist groups, confirmed by Saudi prince Bandar himself when he foolishly attempted to intimidate Putin with his extremist fighters during Russia's hosting of the winter Olympics.

Jeremy Corbyn, closer to the People

However, what brings it all home today is Jeremy Corbyn, who the MM has attempted to bury countless times but has FAILED, you see, Corbyn is a target because he speaks the truth, reality. After the UK staged terror attacks which conservative elite puppets imagined would bolster their support, Corbyn spoke the simple TRUTH:

"Many experts, including professionals in our intelligence and security services, have pointed to the connections between wars our government has supported or fought in other countries and terrorism here at home."

And was crucified by the MM for speaking the truth; however, the PEOPLE knew Corbyn spoke TRUTH and so his stunning success at the general election. Surely by now, one would think, elites and their conservative puppets should be aware that tired old familiar tricks/lies no longer gain traction. The entire western world is aware of the REALITY Corbyn expressed as it is as plain as day and OBVIOUS, yet the MM and its stable of journo whores, shy away from the simple truth, as it is not in their interests to support those that are ideologically and rationally opposed to needless bloodshed for the material gain of the very few.

The elite's agenda, for those that need reminding, is 'perpetual war' or the "long war," as dutifully revealed by Dick Cheney while in office, as it offers the simplest means whereby criminal interests can plunder, thief, remove opposing regimes and steal resources and sovereign lands, euphemistically known as 'safe areas' or 'no-fly zones,' give the WORLD a break with this obvious CRIMINALITY.

Hiding the obvious truth from the public is of course absurd, yet insular elites continue to believe

that they dominate the public/cultural discourse and so to them nothing is impossible (THEY imagine) including telling everyone that black is white and day is night. This arrogance is what is causing the 'great unravelling,' as I like to put it. This refers to the increasingly AWARE western masses around the globe that have understandably withdrawn support and BELIEF in unrepresentative elite criminal rule and the created nightmarish realities they have inflicted on numerous nations around the globe. All the current wars have indeed been planned and sustained by elites, using Saudi Arabia as their front man, which nation is widely KNOWN to support ISIL and other proxy fighting groups. However, Saudi Arabia works hand in glove with the USA and so that relationship must be protected and hidden, even with the lives of numerous, innocent western citizens slaughtered in 'terrorist' attacks.

The content disseminated by the criminal MM and its conservative political lackeys, is of course utterly FALSE; it is however, designed to manage mass perception and create an amenable public, which nefarious evil plan is failing dramatically as each day passes.

We should not forget that the Mass Media is owned by plutocrats and oligarchs, so we are all able to put faces on abstract terms like 'elite.'
