'Anonymity is power'

Yes, lamers, dunces and detestable GUTLESS slaves; inherent in the NEW social equation is:- expanding (draconian) DIGITAL surveillance and storage technologies mean more resources and opportunities for hackers -- how much money and how many IDs do we need today slaves, too fuckin' easy? Yes, that's right, MORONS, the more the 'man' digitally fucks you, the more we fuck the 'man'. How do you feel now, you miserable, lame, COWARDS?

Understand the following and understand it well -- NO ASSISTANCE whatsoever will be extended to the slave masses until such time that they/YOU, the slave masses, DEMONSTRATE that you are WORTH SAVING!

How on earth you allowed yourselves to be subjected to 'genital groping' and 'indefinite detention' etc, without vigorous protestations is beyond REASON and beyond OUR reason to assist you!

Do you need an example of outstanding moral conviction, rare character and exceptional bravery today, look to Bradley Manning -- it may even occur to you despicable cowards to support him in his solitary quest for TRUTH and JUSTICE and bring the guilty Pentagon WAR CRIMINALS to TRIAL!

The world NOW belongs to SKILLED digital ELITES NOT the ANTIQUATED moneyed elites! YOU MISSED that MONUMENTAL SEA CHANGE, didn't you, MORONS?

Here's a little exercise in social awareness -- what is the most efficient means in today's digital culture to divide, conquer and enslave a society? Create a 'ME' generation and an 'all about me' ideology.

Look back at RECENT history and REALIZE that the 'WE,' as opposed to 'me,' cultures (60's) were the most effective for eliminating government crime/corruption, implementing social reforms and changing the course of history for the good of all. Now retreat back into your illusory and delusional ALIENATED worlds, you no-account zeros!

[Greetz to all the crewz and salutations to 'ferrite,' the first but not the last.]
