

## Liar-in-Chief and the Media

Trump's latest attack on yet another female media commentator (Mika B.) is as pathetic as it is absurd. We have the proven pathological LIAR and FRAUD in-Chief accusing others of being FAKE -- need I reach for an adage?

If I told you a western nation existed today where information systems/media are fake and the national leader is a bigger fake -- you wouldn't believe hence the introductory first paragraph. But it is REAL, the entire world witnesses absurd America almost DAILY -- hang your collective head in shame, America.

Is this the result of thousands of years of civilisation and countless lives lost fighting for freedom, equality and JUSTICE, or have the people failed themselves and allowed the lowest human scum to assume national leadership roles and wrest control over other critical (correct information, finance) institutions? Well, unless you're sleep walking or in a trance, REALITY stares you in the face. And so rank amateur LIAR in Chief is at war with CFR controlled professional liars, though in essence there is no war as professionals always prevail over rank amateurs (Trump has already deferred to the deep state) that's why it's ALL in the 'news,' or should we develop another term for ALL this shit? Old European saying, *"If you follow a blowfly it can only lead you to shit."*

Lemme know when you think it's time for a change as all it takes is a little/real action -- it is that simple.
