

Modern Corrupt and Duplicitous Government

by justin *Monday, Sep 18 2017, 9:38pm*

international / prose / post

Few politicians keep their word in the modern era and as we are all aware a person's word is his/her WORTH -- who tolerates a brazen, destructive LIAR in their personal relations? No-one!

So why is it we tolerate pathological liars as our rulers, when it is a very simple matter of reform to keep ALL politicians to their word and hold them accountable under legal penalty if they do not -- notwithstanding that circumstances change in life and politicians with integrity would then explain to the people why a certain promise/pledge is no longer feasible, excuses of course would be unacceptable? However, that is a far cry from the sociopathic pathological liars that lie for personal gain and self glorification. We should note that the most heinous lying regimes in very recent history are responsible for the deaths of tens of millions of innocent people, the ruin of stable, functional sovereign states, the disruption of climate, the inequitable distribution of wealth, etc, etc -- all of which injustices cannot and should not be tolerated, notwithstanding that war crimes prosecutions for politicians, where they clearly apply, should earn the death penalty for offenders. How long do you imagine corrupt governments would last under those simple and easily implemented political reforms? Great and effective solutions are always simple and anyone that would attempt to convince you otherwise is either a liar or a fool. Fault this rational, simple, effective solution/plan if you dare.

Surely, it is plain to see -- as well as historically recorded -- that brazen liars are DESTRUCTIVE; don't we all know it from personal experience? Today however, politicians LIE us into wars, the most destructive of all human activities. And the penalty should be the severest the law would allow, including death. It is insane to allow politicians to lie with impunity and without legal consequence, waiting years to oust them is not good enough, the problem must be nipped in the bud before it is allowed to follow its destructive course.

The simple solution for crooked politicians is ACCOUNTABILITY and SEVERE PUNITIVE LEGAL ACTION, which exists in normal public life but politicians are immune for no good reason -- as stated previously, if circumstances change then it is a simple matter for honest politicians to explain why a certain policy or pledge could no longer be realised; people are sensible and very forgiving of honest people but very harsh on LIARS, CHEATS and FRAUDS, it's instinctual for the sake of group survival.

We need not tolerate the OUTRAGE of dishonest government any longer; however, we must ACT to ensure the appropriate reforms are implemented and that politicians are liable, as we are, for dishonest, duplicitous behaviour and fraudulent activities.

Politicians are not Gods they are SCUM, as is plain to see and I challenge anyone on the planet to cite an honest national leader anywhere on the globe today.

If we fail to take remedial action and continue to reward politicians for their treachery and destructive lies then if $2+2=4$, we are ALL inevitably doomed, it's just a matter of time. Today's rapidly deteriorating and chaotic world is my proof of concept.
