

## Sojourn

international / poetry / post

from the void a spark of light emerges  
darting, moving, floating

the dark, still waters of a lake reflect the moon  
perfectly but the spark is self-illuminated

it meanders on its indeterminable course  
feeling/tasting every space it enters until it finds  
a home to shine forever in your heart

it must return to the void from which it sprang,  
but this time taking you with it

light shines perpetually,  
darkness is a temporary veil to protect eyes unused to light

all things return to their source as they must

it is raining in my garden, refreshing perfumed flowers  
and fruit-bearing trees

so many souls returning home,  
captured unawares

my love is spinning threads of light from a loom  
of rainbows waiting patiently for my return
