The US puppet state -- to the globalist oligarchs -- is currently undergoing yet another pathetic attempt at obfuscation via claims that a certain [memo](#) would destroy Mueller, his investigation into 'Russiagate' and the careers of numerous FBI officials -- BUNK! Various clear headed journalists have called the bluff of the Republicans making all the hysterical noise and inferred accusations, clearly in an effort to save their nincompoop, PUPPET president (Trump) from certain removal, which would throw the party and ruling elite policies into disarray.

MEANWHILE, Trump has signed into LAW a bill that grants total warrantless surveillance powers to the government, does this 'compromising memo' smell of Distraction to you? Yep, it reeks!

Indeed, I join the voices that see reason, not sensationalism, and demand any compromising memo to be released to the public, as those doing all the screaming are able and have the power to do so, so PUT UP OR SHUT UP, you pathetic GOP clowns!

I quote from the linked article below:

"Writing in The Intercept, [Glenn] Greenwald, along with his colleague Jon Schwarz, explained that "President Trump and congressional Republicans have the power, working together or separately, to immediately declassify all the relevant information. And if indeed the GOP's explosive claims are accurate -- if, as HPSCI member Steve King, R.-Iowa., says, this is "worse than Watergate" -- they obviously have every incentive to get it into the public's hands as soon as possible. Indeed, one could argue that they have the duty to do so."

So where is it? In other words, what's new in rotten and corrupt to the core, WASHINGTON?

Yet the world is aware that nose-ringed/totally enslaved Americans will do nothing to restore their now non-existent democracy. Those Americans that continually say 'enough is enough,' know very little about how populations are numbed and enslaved by dis- and misinformation spewed from the elitist owned mass media 24/7.

Good luck Washington clowns and a paralysed population, it's all progressing downhill at speed -- as usual.

Has it occurred to anyone in Washington that you are [losing the world](#) while you continue to engage in divisive, childish, nation-destroying internal rivalries -- fools?

Update report available [here](#) -- memo will NOT be disclosed to the public. The people have a RIGHT to know!
