

The Obama Story

by barry *Tuesday, Jan 22 2013, 8:36pm*

international / prose / post

I am a shameless lackey to the plutocrats and betrayer of the people; I facilitate every instruction and fulfil every wish of the minority ruling elite -- the long established status quo has not veered off course with me in the White House, my masters are well pleased.

As for the mindless American masses that installed me into office the second time -- the joke is on you AGAIN!
