

The Fukushima Catastrophe -- Nuclear Fallout without the War

by niels Thursday, Apr 4 2013, 8:35pm

international / prose / post

The Truth of the (ongoing) nuclear fallout from the Fukushima disaster is being suppressed, not least because powerful Transnational Corporations like General Electric (GE) are implicated and liable for compensation and reparations on a MASSIVE scale.

Fallout Map

Please follow link below for excellent background information and source material.

In situations where Corporations have hijacked western democracies and have installed puppet governments to serve them -- the unrepresentative MINORITY -- and the safety of the public is cast to the wind in order to protect nefarious corporate criminals, the course of action is clear -- need I spell it out?
