As the toll of innocent victims rises in the wake of the Boston bombings, black lackey, Corporate puppet, extra-judicial kill list and indefinite detention president Obama has called the Boston bombings a "cowardly" act!

Obama

However, the Drone war president seems to be suffering from one-eyed selective vision or the usual American HYPOCRISY -- Obama's Drones continue to kill innocent women children on a regular basis but of course killing innocent women and children from his office in Washington is a 'heroic act' according to the twisted and perverse logic of the worlds most HYPOCRITICAL leader. Blow it out your lying arse, you piece of black lackey shit, Obama -- what a hide!

We and most Aussies extend our sincere empathy to the people of Boston at this tragic time.
