Well, it's about time, as the entire nation is aware that Howard the coward kowtowed to Washington's every lying whim prior to the illegal invasion of Iraq, which resulted in over **one million innocent civilian deaths and over four million displaced Iraqis** and a ruined State; in other words, the invasion of Iraq was a criminal action from start to finish. The historical record of orchestrated and concerted LIES tells the ugly story of John 'aluminium tubing' Howard's participation in a 'coalition of willing criminals' when a wary world would have none of it.

Proven liar and war criminal, Rumsfeld leads lackey Oz ministers, Downer and Hill

Former PM, Paul Keating -- on numerous occasions -- has openly declared John Howard to be a LIAR and deceiver, who "lied Australia into the [American instigated] Iraq war!"

So what do we do with a known war criminal and treasonous former PM? We conduct an inquiry, supported by overwhelming evidence of guilt, then place Howard and some of his senior ministers on trial and sentence them for the most grievous crimes known to humankind.

Known treasonous war criminal, John Howard
