An extremist media nutter in Arkansas has rightfully exposed the badly bungled and orchestrated Bin Laden assassination RUSE and then threatened (over the air) to shoot Clinton in the "Vagina" for her role in the plot -- direct quote of rant below:

**H. Clinton**

*"I want to shoot her right in the vagina and I don't want her to die right away," he added. "I want her to feel the pain and I want to look her in the eyes and I want to say, on behalf of all Americans that you've killed, on behalf of the Navy SEALs, the families of Navy SEAL Team Six who were involved in the fake hunt down of this Obama, Obama bin Laden thing.*

*"That whole fake scenario, because these Navy SEALs know the truth, they killed them all. On behalf of all of those people, I'm supporting our troops by saying we need to try, convict, and shoot Hillary Clinton in the vagina."*

Facts, like the absurd assassination ruse of Bin Laden -- who according to assassinated president Benazir Bhutto, died many years earlier -- are mixed with the incredulous rants of idiots in order to degrade and subvert TRUTH. The bungled plot was designed to bolster lackey (effeminate and known homosexual) president Obama's 'manly' status as commander of nothing and president of nothing -- everything this sellout TRAITOR does is scripted for him by his plutocrat masters.

In order to subvert truth, facts are presented by extremist types so by association people foolishly associate the credibility of truth with the zero cred of extremist nutters.

Also, note the overt sexual references clearly designed to attract attention.

Nevertheless, the FACTS remain -- Bin Laden's fake 'assassination' was almost as badly bungled as the now exposed (WTC-7) false flag 9/11 attacks, which defy science/physics and Reason. It is also worthy of note that the EXACT SAME CRIMINAL GROUP planned and orchestrated both events -- their inept trademarks are unmistakable.

Clinton is a puppet of the criminal CFR/Bilderberg elite by her own admission; however, that radio idiot failed to identify the REAL CRIMINAL perpetrators as is also Noam Chomsky's habit, and he is

a respected intellectual spokesperson for the opposition -- cover every angle!

Make of it what YOU will but NEVER lose sight of REALITY and the plain, revealing FACTS!

***Falling man - 9/11***
