Anonymous Hacktivist Jeremy Hammond Pleads Guilty to Stratfor Attack

"I did this because I believe people have a right to know what governments and corporations are doing behind closed doors. I did what I believe is right." -- Jeremy Hammond, Hacktivist.

Jeremy Hammond -- 'I did what was right!'

Before proceeding to the linked story I would emphasise what forces are at work. On the one hand we have highly idealistic kids pursuing JUSTICE in the only way available to them, as it is well known that government and its institutions are thoroughly corrupt; this is especially the case in the Manning trial where the criminal Pentagon is sitting in judgement of the person that exposed their appalling crimes to the world.

The opposing force is comprised of a tiny group of wealthy CRIMINALS (plutocrats) that have corrupted and hijacked western governments. This cabal of criminals lives in dread of criminal exposure and RETRIBUTION. They spare no expence or effort to pursue anyone that threatens their survival -- these sociopaths are devoid of all ethical, moral and civilised codes of conduct, of that be acutely aware. Whenever they discover the identity of a person that pursues them with force/impact they will use every means their puppet governments have available to destroy that person, including torture and other forms of social coercion.

Idealistic kids and others that carry the torch of freedom, justice and democracy, at extreme personal risk, are the true heroes of our time, not the poor dumb brutes that fight corporate wars for the Plutocrats -- make absolutely no mistake about that REALITY.

Think on the PRINCIPLES these kids fight for and you may appreciate their bravery and honourable intentions.

They do what they MUST not for themselves but for EVERYONE -- consider the price they are forced to pay for their moral integrity and just principles -- yet they do it all for the MAJORITY in order to save us from the dire fate minority criminal elites have in store for us. We already have strong indications in 'kill lists, indefinite detention, pan surveillance, warrantless searches/intrusions and locked down cities.'

If we, THE PEOPLE, the overwhelming MAJORITY, do not support the brave individuals that fight for right and TRUTH, then we will be lost to the evil forces these idealists SELFLESSLY and bravely oppose.

Everyone is able do something to support these kids who are being persecuted for pursuing Truth and Justice. We are able to appeal to each other and FORCE our political representatives to act or bear their true face to the world -- our WILL is the MAJORITY WILL and that overcomes all opposition, as history clearly verifies, there are no exceptions to this rule.

We may choose direct ORGANISED action in the form of demonstrations and other activities designed to restore democracy and Justice to our respective nations -- yes, this is a GLOBAL fight and if we follow the brave lead of our young heroes the outcome is assured -- criminals will be held to account for their appalling and horrid crimes against humanity, and justice and democracy will be RESTORED.
