

## Australis

international / poetry / post

we are fortunate  
on this ancient island nation  
-- under the Southern Cross --  
to have a continuous  
coast separating  
vast oceans  
east and west

tempestuous southern  
seas, and to the north  
the heavy heat of  
tropical waters

the same land separates  
numerous seas and oceans,  
the same wind stirs  
mighty seas, blowing  
cyclones onto land  
scouring everything  
blasting the bones  
of those that failed/died  
on desert sands

a land of harsh extremes  
once home to rugged people  
that would spit in ur eye  
if slighted

freedom liberty-loving  
just and fair to the extreme,  
we are the Australians -  
you know us by reputation  
our fighters have no equal  
our sports men and women  
always surprise,  
an abundance of talent  
for such a tiny population,  
this land produces exceptional  
and rare species

yet like everything else  
we have our imperfections

primarily  
gutless, incompetent,  
treasonous and servile  
politicians  
all cast in the mold of colonial  
clowns that obey imperial powers

after dumping bombs  
on our Barrier Reef  
the criminal yanks have docked  
one of their naval destroyers DDGs,  
-- nuclear missile capable --  
in the heart of Sydney Harbour

it's enough to make you spit  
or to exact natural justice  
from the treasonous politicians  
that surrendered our sovereignty  
to foreign powers

we do not forget treasonous  
politicians easily nor  
the crimes of previous colonial  
overlords

we have not forgotten  
we have not forgiven,  
we remember  
how to dispense  
bush justice,  
be very aware,  
traitors and servile scum

the people did not approve  
or vote for occupation  
by warmongering foreigners,  
what are their nuclear  
war machines  
doing on our sacred shores?

we are no-one's convenience,  
slaves or target  
remember,  
it only takes one missile  
to remedy the problem  
in Canberra,  
the scum that made us  
a primary nuclear target  
are easily removed

remember,

we are obliged to defend  
our nation,  
we are the Australians

*Greetings and Peace to all,*

*If you're an Aussie disseminate this message widely, if not, enjoy an encounter with the poesy of Oz sovereignty, peaceful independence and Oz mateship/unity.*

*Before she was ungraciously but deservedly kicked by her own party, Juliar Gillard, treasonous Washington lackey and puppet, signed over an unprecedented FIVE nuclear capable U.S. military bases and a permanent foreign troop presence/occupation force on Oz soil -- outrageous!*

*Prior to her treasonous act, Australia was only host to TWO U.S. non-offensive, surveillance/communications bases, Pine Gap and the North West Shelf installation.*

*Without any parliamentary debate or approval from the People, Gillard, the most politically inept and traitorous politician in Oz history, surrendered Oz sovereignty to the warmongering yanks with her signature!*

*This situation must be reversed as soon as possible as it has effectively made Australia a primary nuclear target in the event of a U.S. provoked conflict with China.*

*Peace.*
