Yes indeed, the world's SUSTAINED focus on the LAWLESS criminals that control Washington today is proving too uncomfortable for the ruling Plutocracy; the Manning trial, Snowden, illegal NSA global surveillance etc; and wouldn't you know it, Washington has just issued a 'timely' GLOBAL TERRORIST ALERT for all US citizens -- LOL! Well, if nothing else it demonstrates the disconnect and insularity of the ruling elite -- the population is familiar/immune to fear inducing social management tactics as a result of the Bush regime overdoing it.

Sure, the DISTRACTION may work in some backward US villages and it may gain a little traction in the Ozarks but globally forget it; al-Qaeda is now a PROVEN ally of the US executive which has used their asset since Bin Laden had dinner with the Bush family in Texas; al-Qaeda has been instrumental in undermining regimes in Yugoslavia, Libya, Syria and it has recently been revealed that al-Qaeda affiliates have been given lucrative US government contracts in Afghanistan! So, puppet Obama, inform your insular spin doctors, propagandists and INEPT social managers -- to BLOW IT OUT THEIR ARSES -- who are you idiots trying to kid?

Of course, you must now 'remedy' the situation with a false flag operation of some sort; well, we LOOK FORWARD TO IT, as these attacks and tactics are becoming increasingly obvious and more transparent by the day; so give it your best shot, MORONS -- and remember everything you fifth rate idiots do has been pre-empted, primarily because we manage your managers -- we have no peers in our field, we are expert semiotic deconstructionists and 'CONSTRUCTIONISTS' -- look it up, MORONS though, Professor 'anthrax' did a commendable job tracing the letters back to the EXECUTIVE.

The false flag would have to be very bold indeed to gain traction today; perhaps the assassination of EXPENDABLE puppet president Obama and his entire family -- who would think such a vicious crime would have been orchestrated from the inside? Whatever, it better be good, morons, because Manning, Snowden and the NSA have put a blow torch under the arses of the plutocrats that run the CRIMINAL US puppet State.

And NEVER forget our skills are far more RELEVANT and efficient than yours in the current theatre of war -- all you failures can really do is steal money -- gee, I wish I had that talent in today's digital world -- LMFAO! You can't buy genius as genius comes with its own ethics, morals and standards.

WE OWN THE GLOBAL WIRE -- greetz to all the crewz, and YES the UNDERGROUND is (finally) a cohesive INDEPENDENT UNIFIED force to be reckoned with -- take note criminal oligarchs and plutocrats and take SPECIAL note the TREASONOUS puppet politicians that SERVE them -- by the neck, gentlemen/women, of that be assured!
