

Australian Occupation forces targeted in Afghanistan

Three diggers were killed in Oruzgan province today by an unknown assailant wearing an Afghan uniform, who also managed to escape on foot. In another incident two Aussie SAS were killed in a helicopter crash in Helmund province. A sad day for Australia but we shouldn't be in Afghanistan fighting America's Corporate wars to begin with -- our stepped withdrawal cannot come soon enough. However, the tragedy in Afghanistan is overshadowed by the SORDID attempt of reprehensible LYING slag and Washington doormat, Juliar Gillard, attempting to gain political points by feebly making associations with the Bali bombing and the heroic battle of Long Tan -- give Oz a break!.

Reviled PM, Juliar Gillard

Attempting to gain political capital from these tragic deaths is reprehensible and appalling; only a LYING SLAG like Gillard would even attempt it -- as a veteran and patriot I can only say, my blood boils!

Gillard's attempt to justify Australia's involvement in Corporate wars for her American masters (FIVE US military bases of occupation promised on Oz soil) is truly one of her lowest point scoring attempts ever -- how low can this treasonous bitch go?

There is absolutely NO JUSTIFICATION for Australian forces occupying foreign lands for Corporate profits -- PERIOD! Making feeble associations to the Bali bombing (on ABC news radio) doesn't hold water, as it is well known that Indonesian Muslims despise Australia and need no foreign assistance to vent their hatred. And while we're on that subject perhaps LYING Gillard should initiate actions that would see the KNOWN Indonesian murderers of the [Balibo Five](#) brought to justice -- try that REALITY on for size, you disgusting bitch!

What is equally appalling was Gillard's attempt to associate the Afghan occupation and the recent tragedy with the heroic battle of Lang Tan -- no comparison can be made, Ms Gillard, and if I were you I would take very sound advice and fuck off before you are removed. And while we're on the subject of Vietnam, Gillard should do a little research and learn of America's attempt to FORCE the then PM to allow Dupont to release DEADLY Sarin an Vx nerve gas on Oz troops in Queensland (their own troops were too precious to be exposed!) -- give me a break, you yank-loving slag.

All this groveling, kowtowing and lying from treasonous Gillard as the 118 members of the [NON-ALIGNED movement](#) of INDEPENDENT NATIONS holds a summit to further its CONSTRUCTIVE

pursuits in addressing the world's major problems -- which are largely caused by America and its imperial pursuits, I would add.

If think even dumb, inept Washington is beginning to realise that Gillard is a major liability not the servile asset they initially thought she was. No Australian leader, including war criminal coward, Howard, has been so thoroughly rejected and loathed as Juliar Gillard, a self-evident CORPORATE-serving whore and treasonous bitch!
