You may wonder as many do, why all the LIES, needless killing and destruction over the past decade -- well, following is the very SORRY answer, it's all about money, yes fuckin' stinking money that Jesus and the Buddha emphatically rejected -- two of the greatest sages in written history; and both knew a thing or two about the human condition, Justice and Truth. It's spelled out in the beginning of the Gospel of Luke for those that need a refresher -- the temptation of Christ -- see if you can interpret it, it's not very difficult to understand!

The following article lists a few only of the money-worshipping sons of 'Satan' that are behind all the wars destruction and killing, the Rothschilds, Murdoch and Cheney the facilitator.

Understand that pursuing money is a stupid folly and total waste of a life, but killing innocent, beautiful children (and destroying the environment) almost on a daily basis for the sake of PROFIT (Obama and ilk) is **EVIL, SICK and psycho-pathological to the extreme!**

Now, ask yourselves why you have deferred your INALIENABLE SOVEREIGN PREROGATIVES/RIGHTS to a bunch of MASS MURDERERS, LIARS, THIEVES and SOCIOPATHS? The TRUTH is PLAIN to SEE, it is served up to you almost on a daily basis!

Restore REPRESENTATIVE DEMOCRACY, JUSTICE, LAW and ORDER to your respective nations **BY DEMAND** and hold the CRIMINAL PLUTOCRATS and their POLITICAL SERVANTS to ACCOUNT then HANG THEM! They are ALL mass murderers and thoroughly EVIL.

How many innocent children are we going to kill for filthy money tomorrow, Mr black heart Obama, you son of SATAN!

Israel Grants First Golan Heights Oil Drilling License To Dick Cheney-Linked Company

by Michael Kelley

Israel has granted a U.S. company the first license to explore for oil and gas in the occupied Golan Heights, John Reed of the [Financial Times](#) reports.

A local subsidiary of the New York-listed company Genie Energy — which is advised by former vice president Dick Cheney and whose shareholders include Jacob Rothschild and Rupert Murdoch — will now have [exclusive rights](#) to a 153-square mile radius in the southern part of the Golan Heights.

That geographic location will likely prove controversial. Israel seized the Golan Heights in the Six-Day War in 1967 and annexed the territory in 1981. Its administration of the area — which is not recognized by international law — has been mostly peaceful until

the Syrian civil war broke out 23 months ago.

“This action is mostly political – it’s an attempt to deepen Israeli commitment to the occupied Golan Heights,” Israeli political analyst Yaron Ezrahi told FT. “The timing is directly related to the fact that the Syrian government is dealing with violence and chaos and is not free to deal with this problem.”

Earlier this month we [reported](#) that Israel is considering creating a buffer zone reaching up to 10 miles from Golan into Syria to secure the 47-mile border against the threat of Islamic radicals in the area.

The move would overtake the UN Disengagement Observer Force Zone that was established in 1973 to end the Yom Kippur War and to provide a buffer zone between the two countries.

Reed notes that recent [natural gas](#) finds off Israel’s coast in the Mediterranean have made the country’s offshore gas reserve one of the largest of its kind in the world, meaning Israel may become a significant energy exporter in its region.
